PRESIDENT'S MESSAGE

Dear Rotarians,

I remember traveling to a small village, not far from Dresden, Germany (east Germany), that looked like it has not changed for 300 years. On many of the homes was a name and year. I asked is that the name of the owner that first lived in the home? The answer was that is the name of the builder and the year he completed the home. It impressed me that the builder put his name on the house to show the quality of his workmanship and he was still being recognized for it 300 years later!

We as Rotarians do the same, we put our name on our projects. We stand by our quality projects in our community and the world. What an honor it is to be working side-by-side with such giving people. Thank you all for your help!

Walt
