

## Terms and conditions of Juliana Boerboels

**By paying the deposit you acknowledge you have read and accept our T&C**

As the price is influenced by a huge number of factors (pedigree and bloodlines of the parents, champion titles, stud fees, etc.) it may vary from litter to litter.

When you find your perfect puppy, you should reserve it by paying a deposit (20 % of the total price).

A puppy is considered reserved only after receiving the full deposit and term and conditions form signed.

Deposits are **not refundable** but may be transferred to the next litters upon mutual agreement.

Pictures of the newborn puppies will be sent to the people on the wait list before announcing on the website and we will officially reconfirm your position in the wait list. Positions are not transferable!

If you don't confirm your interest within a week of dog availability announcement, we will move you down the wait list.

As from time to time we are keeping a dog from the respective litters or own a dog as part of the stud fee agreements, the number of puppies available may not be the same as puppies born. We only announce available puppies.

If by any reason you don't choose a puppy from 3 consecutive litters, you will be removed from the waitlist.

The remaining balance is due **before the puppy reaches the age of 2 months**.

If not, the puppy will be offered to next person on the wait list.

If by any reason you have a change of heart for the sex/color or dam of the puppy desired, you will be moved to the respective waitlist, but we can not guarantee you will keep the same position.

We keep the right to remove anyone from the waitlist by our sole discretion. In this case all money received will be refunded.

The total price includes everything needed prior age of 4 months (vaccinations, passport, vet fees, microchip, pedigree documents, etc.) and all documents needed for the dog transportation. NOT the travel crate and transportation.

If, by any reason, you want us to take care of the dog after the 4 months age, there are kennel fees applicable.

After a shipping quotation is obtained and approved, the shipping cost should be paid 3 weeks prior the shipping date.

**Please read carefully before signing and be sure you agree with every T&C before paying the deposit**
