Design Soul.

*About Us*

With a gifted mind, even before Al-Hatim Decor Ltd was registered as a business, Our founder, Mr. Taher Dodh, had a magical gift to see a space and transform it into, not just a home, but a dream home.

Slowly this passion turned into DIY projects and then extended to doing one feature wall for family and friends. With the motivation to redefine every space, Al-Hatim Decor was born in 2007.

Starting with doing residential makeovers, we slowly and steadily grew over years to take up bigger projects where a complete Turn-Key Solution was required.

With Interior Design as our key strength, we offered our clients everything they could think of when doing a turn-key fit-out of their new office/home/retail store. From security systems to HVAC solutions, we gave it all under one roof.

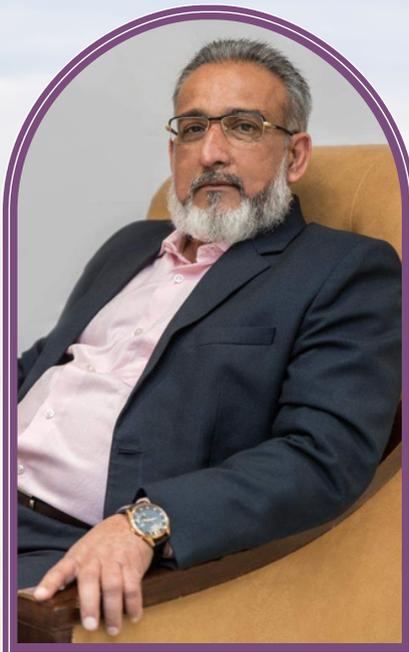

This was the beginning of the new concept in Kenya, as pioneers in this solutions provider, Al-Hatim Decor had an edge thanks to the use of modern technology and the latest innovations to provide our clients with state-of-the-art solutions for all their needs.

Our Founder, went all out to ensure that our clients got more than what they expected, that is where we excelled in exceeding customer expectations. Value for Money is what each project boasted when compared to the price quoted, bringing our customers closer to us.

Your best Interior Designer & Contractors In Kenya.

*Redefining Your Space!*

Murtaza T. Mohsin

## Founder & Owner

A gifted mind through which designs and ideas flowed naturally, with a vision to change the interior design industry through his creatives.

"I dream to build a business where every Interior Design needs are met all under one roof - through our extensive range of products and services."

## Co-Owner & CEO

Always one step ahead in implementing the latest trends in the Interior Design industry and Global Construction Technologies.

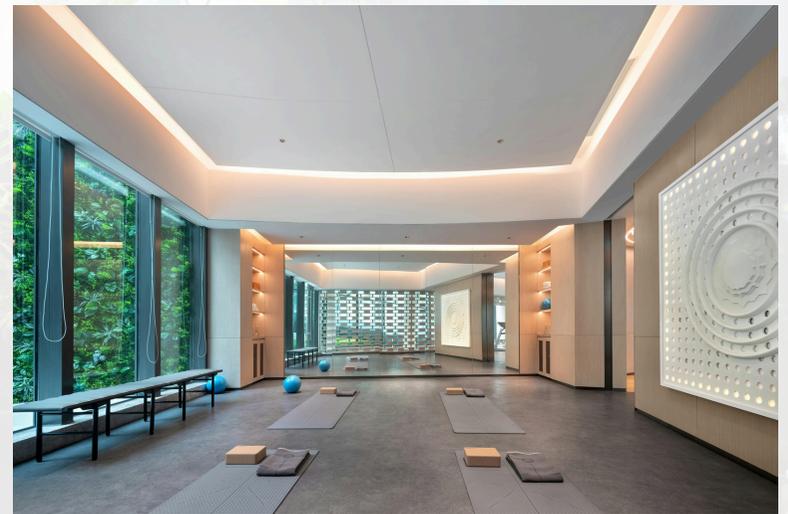

"Achieve the unimaginable, you dream it, we build it. We thrive on challenges!"

*Tree of Inspiration*

# *Borrowing a leaf from nature...*

Nature is of utmost importance to humankind; We seek both physical and mental well-being by connecting with our surroundings. The modern work environment is stressful and thus, by bringing in green into your office space, we are resetting the stress levels and increasing efficiency in our work all at the same time giving you good health!

Green Offices are our special projects and we take pride in executing green living & working spaces. Starting by ensuring that we are utilizing all available natural lighting & ventilation, through green designs and building using eco-friendly construction materials, all at the same time incorporating nature in your daily work & home life.

*Go Green*

# *Interior Design*

Widely regarded as one of the best design firms in Nairobi, our professional interior designers and project managers will execute all aspects of your interior project.

# *Interior Furnishings & Fit-Outs*

The capability of the Interior Fit-Out and Furnishings division and the capacities of the Group enables Al-Hatim Decor to complete large-scale interior fit-out projects to a very high standard, on budget and on schedule.

# *Interior Design*

# *Design & Build Solutions*

Interior designers work out optimal room size, traffic flow and lighting. When it comes to choosing and coordinating the color schemes, paint finishes, cabinet styles and light fixtures that go into that room, that's where an interior designer comes in. A good interior designer will save you months of hunting down product samples and other research and prevent some potentially messy missteps.

What's more, the Designer can do everything from simply acting as a sounding board for your ideas to undertaking more involved work, like buying paint and fabric, scheduling an installation and even supervising the job. Your contractor and interior designer must work closely together. So, begin by consulting with us for your interior design solutions and dream creations.

## *Design & Build*

# *Residential Designs*

Our interior design professionals don't just pick out decorations or tell you what's trendy and artistic nowadays. We do a comprehensive understanding of how architectural space can be used for residential purposes.

Before you ever think about home décor, our residential interior designer can ask you about your dream home and your lifestyle and consult on a home plan, including room dimensions and shapes.

We use 3-D computer design programs to show you what's possible and how your finished home will look, so you start making the right decisions from the word go.

## *Residential*

# Hospitality Interiors

Our project resume includes hotels, resorts, private residences, restaurants, clubs and corporate offices. Recognizing the paramount constraints of schedule and budget, Al-Hatim Decor designs solutions that are memorable yet responsive to real world project constraints.

Al-Hatim Decor has been a trusted name in the delivery of unparalleled, quality service to the hospitality industry. we create unique properties and understand that not all clients or projects have the same needs.

Al-Hatim Decor crafts a tailored approach from a menu of our complimentary services enabling us to be your single source hospitality solution.

## Hospitality

# Commercial Interiors

Commercial, sometimes also referred to as contract, design focuses on the design, professional design team coordination, planning, budgeting, specifying/purchasing and furnishings installation of interior environments used for commercial, government or educational purposes. At Al-Hatim Decor, you will meet professionals who will guide you on your project whether it is Government/Institutional project, Health Care, Hospitality/Restaurant, Office/Retail/Store Planning, Entertainment and any other commercial project you can think of.

Commercial

# *General Construction*

We are a full-service construction and building solutions company specializing in delivering high-quality, reliable, and cost-effective projects across commercial, residential, and industrial sectors. Our expertise covers general construction works, structural building, renovations, interior fit-outs, and turnkey project execution.

With a strong focus on quality workmanship, timely delivery, and client satisfaction, we combine technical expertise, modern construction practices, and efficient project management to ensure every project is completed to the highest standards. We work closely with clients, consultants, and stakeholders to transform concepts into durable, functional, and aesthetically refined structures.
