Padma Kunapareddy  
Volunteering for Seniors Inc. (VFS)

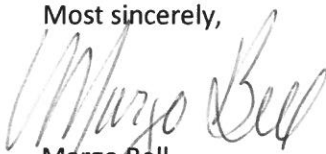

Dear Padma,

On behalf of the Nashua Senior Center I would like to express sincere thanks to you and Volunteering for Seniors Inc. (VFS) for your recent support of one of our programs. As you know, the Nashua Senior Center is a local non-profit organization. Our mission is to provide quality programs and services for the well-being of area individuals 50+. Although housed in a beautiful City building, we are an independent self-standing organization.

One of our ways to generate income is to have fundraisers. The Flea Market we recently held was one such event. To our good fortune, Volunteering for Seniors reached out to see if they could assist. This wonderful group of people came in full force to lend their services. Volunteers took on a variety of tasks to include: selling merchandise, working the concession, washing dishes, packing boxes, and returning books to the storage closet. The hard work demonstrated by their actions is truly appreciated.

I hope we will be able to work on other projects in the future.

Most sincerely,

Margo Bell  
Executive Director  
Nashua Senior Center
