

A collage of various custom-molded polyurethane and engineered products. The products include: two black and silver O-rings; a black square base with a silver plate; three black and white wheels; a green gear-like roller; a yellow and black track; a red and black roller; a green roller with a silver hub; a blue and gold roller; a red structural component; a collection of small rollers and wheels; a blue and red structural component; and a circular inset showing a person working on a large, curved, metallic structure. The background is white with a blue banner on the left containing the text 'SOLUTIONS MATTERS'.

Stellar Polymer Industries excels in producing high-quality rubber and polyurethane (PU) products, FRP/GRP coatings, and engineered fabrications. By leveraging advanced technology and a skilled team, we deliver innovative, reliable, and eco-friendly solutions across various industries. Our steadfast commitment to excellence and customer satisfaction positions us as the premier partner for superior polymer products and specialized applications.

OUR PRODUCTS

Rubber Molded & Extruded Products

Polyurathene Products

FRP, GRP Lining (Coating)

Rubber Anti-vibration Mounts & Pads

Rubber Grabber pads & Blocks

Rubber Butterfly valve liners/Diaphragms

Rubber couplings, Elements and Bushes

Gaskets, O-Rings & O-Ring Cords

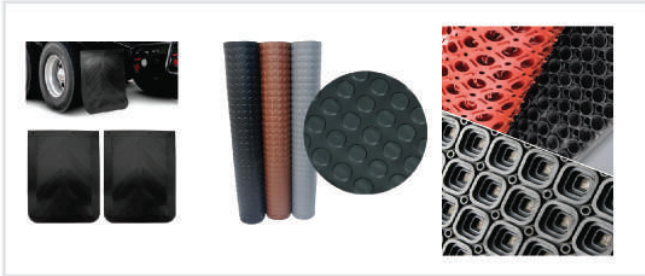

Rubber Expansion Joints & Bearing Pads

Rubber Sheets, Fabric inserted & Electrical Insulation mats

Rubber Mud Flaps, Floor Mats ,Etc.

Pipe Supports & Pipe Clamps

Rubber & PU Rollers

Track Shoe Pads (Rubber & PU)

Waste Screening Stars , Disc (Rubber & PU)

Rubber Molding Wheels & PU Rotator Wheels

Hydraulics Breaker Hammer Damper Pads

PU Flip Flow Screen, Mixer Blade & Scrapers

Rubber Conveyor belts, Accessories
Supply & Services

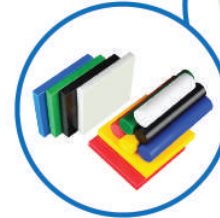

Pulley Rubber Lagging

Nylon,UHMWPE,
HDPE,Teflon (PTFE)
Machining and
Metal Fabrications

We're excited to discuss how we can meet your requirements and deliver solutions that exceed your expectations.
