SATURDAY OCTOBER 26 2024

Originally established as MagicWaste Youth Foundation Inc. (MWYF), Out Of Foster Foundation (OOFF) is an ALL VOLUNTEER, 501(c)(3) nonprofit organization focused on assisting South Florida disadvantaged youths that are “aging-out” of the foster care system with their life and work skills, housing, education, and other needs. OOFF’s programs seek to empower these young men and women by helping them develop to

their fullest potential so they can build a better future for themselves, their families and peers, and their community. To fulfill its mission, OOFF has created action programs like the Excalibur Youth Empowerment Project, our life and work skills training courses, and the financial literacy seminars with Synovus Bank.

The organization is the brainchild of Rodolfo ‘Rudy’ Bustamante, a Miami entrepreneur who serves as its president and guiding force.

We believe that every human being deserves the opportunity to develop to his or her full potential; that is why we are volunteering with MWYF to assist South Florida disadvantaged youths in the process of “aging-out” —or who have already been “aged-out”— of the foster care system with their life and work skills, housing, and education.

Out Of Foster Foundation was established in 2017 to help the bright, young minds that are intent on continuing their studies, and working to forge a better future for themselves and their loved ones.

We look forward to reaching new and more exciting milestones with the organization’s new corporate identity, Out Of Foster Foundation.

In 2016, I dared to dream that we could make a difference
in the lives of young men and women emerging from the foster care system.
MagicWaste Youth Foundation was borne of that wish.
Now nearly seven years later, we're doing precisely that... and more.
We're aiming for the sky!

Thank you for believing in our vision and supporting our mission.
