ABOUT FRENZY ANIMAL RESCUE, INC.

We were founded in July, 2005, by Betty & Gary Wilkins. Since then we have rescued more than 2000 dogs/cats/birds.

Our goal is to help stop the overpopulation of animals in Hancock County by spay/neuter. We believe that stopping the overpopulation, you ll also stop the uthenazing of animals in pounds.

We have a shelter based at 37 ½ W Mill St, New Palestine, In 46163, which can house up to 30 animals. We are a part of the Hancock County Emergency and disaster program.

We train Mobility Service dogs for people that need extra help in daily activities in order to remain in their homes and go outside of the home.

We receive no monetary compensation from the state, county or town to help us pay for medical and other needs. We have received a grant from the Hancock County Community Foundation for the past 3 years which helps with the medical end of the rescue. We also receive donations from businesses and individuals. Without all this we could not function.

We are always looking for volunteers to help with the every day care of the animals.
