To whom it may concern,

I am happy to write a letter of recommendation for Robert Putt. I have known Robert for over twenty years and have done lengthy business transactions with him on two occasions. As the owner of furniture stores we have utilized Robert's expertise twice to conduct sales on our behalf. Both events were highly successful and he did a wonderful job handling all aspects of the sales. He came into the stores not knowing any of the employees and left six weeks later with their respect and their friendship. In a highly stressful environment this is a rare ability. He ran the sales floor, advertising, and integrated with the office and warehouse.

I found Robert to be a highly motivated and energetic partner on both occasions. He also takes pride in being knowledgeable about all aspects of our industry. This includes merchandise as well as digital marketing. I would highly recommend Robert for any endeavor he puts his mind to.
