## Congratulations

# 1 YEAR ANNIVERSARY

### A Milestone of Meaning: 1 Year of Purpose-Driven Care

Our 1-year anniversary at Forester Family Medical Supply. What began as a dream to serve others has become a reality rooted in compassion, consistency, and community impact.

Over the past year, we've had the honor of walking alongside families during some of their most vulnerable moments — delivering more than just medical equipment and supplies. We've delivered comfort, reassurance, and reliability, one delivery, one call, and one relationship at a time.

From hospital beds and walkers to wound care supplies, our mission has always been about meeting real needs with real heart. But none of this would be possible without the incredible people who believe in what we do:

- 🌟 To our clients and patients — thank you for your trust.
- 🙏 To our referral partners — thank you for believing in us.
- 👨‍🔧 To our team members — you are the heartbeat of this company. Your hard work, compassion, and dedication are what make Forester Family Medical Supply more than a name.

As we celebrate this milestone, we're not just looking back — we're looking ahead. Ahead to new ways of serving. New relationships to build. And an even greater commitment to making a difference where it counts most: in the lives and homes of the people we serve.

Thank you for being part of our story. 🌟

### INTRODUCING: Hospital Beds / Mattresses

At Forester Family Medical Supply, we know that rest and recovery begin with comfort and safety — and that's why we offer a trusted line of hospital beds and specialized mattresses designed to support each patient's unique needs.

Our hospital beds are easy to adjust, reliable, and built with both the patient and caregiver in mind. Whether it's for short-term recovery or long-term use at home, our beds promote better mobility, reduce caregiver strain, and help patients feel more independent and secure.

To further enhance healing, we offer a variety of therapeutic mattress options, including:

- \* Pressure-relief mattresses to help prevent and manage pressure sore
- \* Alternating pressure mattresses for patients who need advanced wound care support
- \* Gel-infused or foam mattresses that provide superior comfort, temperature control, and gentle body support

Each mattress is carefully selected to ensure it meets medical standards while maximizing comfort — because we believe your health journey should never come at the cost of rest and dignity.

Let our team help you choose the perfect setup for your needs. Better beds. Better sleep. Better outcomes. ❤️
