I would highly recommend Forester Family Medical Supply to anyone needing a medical supplier. Chris, the owner, was extremely diligent & his team worked hard to provide my son with a Cubby bed. They made the whole process so easy. They also got it approved in a little over two weeks which was AMAZING. They kept us in the loop through the whole process & delivered the bed as soon as they received it. We appreciate the hard work & can't thank you enough for giving us peace of mind & a safe place for our son to sleep every night!
