September

September is a month of transition and new beginnings. As summer winds down and we head into fall, it's a time to refocus and set the stage for the rest of the year. Schools are back in session, bringing a renewed energy to our communities, and many of us find ourselves settling back into routines after summer vacations.

This month, we also celebrate Labor Day, a time to honor the hard work and dedication of workers across the country. It's a moment to reflect on the contributions that make our society thrive and to express gratitude for the labor that supports our daily lives. Here are some key points about September:

09/01: World Alzheimer's Month

09/8-14: National Assisted Living Week

09/17: Get Ready for Flu Day

09/20: National Concussion Awareness Day

09/25: National Women's Health & Fitness Day

09/29: World Heart Day
