Woods Hole Golf Club:

Since 1899, player accuracy has been a premium requirement of the game at this purposefully links-style golf course.

Fescue-lined fairways and subtly undulating greens create a golf course that can play differently every round, regardless of handicap.

The rolling scenic views of the original pastures overlooking Buzzards Bay and Quissett Harbor have been pristinely preserved and carefully restored.

A Brief History of Our Congregation Over the Past Three Centuries

The First Congregational Church of Falmouth was gathered on October 28, 1708. Our original church building was a meeting house from the 1690s near the Old Burying Ground off today's Mill Road. As the church's congregation grew, larger meeting houses were erected during the 1700s. The last of these was constructed in 1796 on the site of the current Village Green. In its belfry was placed a bronze bell cast by Paul Revere. In 1857 the frame of the church building was moved across the street to its current location on Main Street, facing the Green. Our Paul Revere bell was mounted in the new steeple, where it continues to ring hourly.

Dear Friends,

Through your generous support, you can help make a difference in the lives of Cape Cod residents and beyond.

We look forward to seeing you!
