

COVID Vaccines and Boosters:

- 1 People who had a dose of Pfizer or Moderna 6+ months ago or J&J 2+ months ago can sign up for booster
- 2 You must have an appointment for a COVID vaccine. Appointments can be made at: myturn.ca.gov
- 3 Please show up at your appointment time. We have limited supplies to use and have allotted an exact number of slots to minimize vaccine waste. If you come too early for your appointment, you will be asked to wait. If you come too late for your appointment, your vaccine may be given to someone else.

**See Next Page for Info
About Specific Vaccines**
