

## Hegde-baiting

---

Sir, - The letter of Mr. G.P.Vinayababu, (IE,Sept.5) exposes both his political ignorance and his personal prejudice. It is clear that Hegde-baiting has become a pastime for some people. Those who have followed political developments know the contribution Mr. Ramkrishna Hegde has made in 1976-77 and 1986-87 to bring about political polarization as a result of which first the Janata Party and later the Janata Dal were born.

What is wrong in saying that at this critical situation all secular, democratic and progressive forces should come together to provide a stable and competent government to the country?

P.G.R.Sindhia, Dy.Leader, Janata Dal, Bangalore
