

A Good Serial At Last!

Sir: Of late Bangalore Doordarshan has been telecasting serials on prime time. The most refreshing and naturally the most popular serial is 'Kavalodeda Daari'. It has successfully maintained the viewer's interest. Some also popular, specially 'chitrahaara' telecast every Sunday.

What has made the serial 'Kavalodeda Daari' distinctive is the different story line and impressive cast. Produced by Veena Naidu the serial depicts the difficulties involved in running a nursing home and the challenges faced by the doctors. We need more such healthy serials on Doordarshan, which is already under siege by satellite networks.
