

High on hooks

George Cherian's article 'A fatal attraction' (April 24), made interesting reading. The pleasure & the risk involved in executing a hook shot was vividly depicted. Sunil Gavaskar never played this shot till he was in the autumn of his career. And today, we have a potential hook master in Sachin Tendulkar. Though the stroke may look risky, it allows him to score a lot of runs in one-dayers, particularly in the first 15 overs.
