ALL ABOUT CASEY

Live Like Casey, Inc. is a 501 (c) (3) non-profit foundation created in honor of the life of Casey Andrew Lohne of Medford NJ. Casey was killed in a tragic car accident on July 5, 2019, shortly after graduating from Shawnee High School. Casey planned to attend Salisbury University in Maryland and work as a student manager for their football team.

Casey's love and enthusiasm for sports was contagious. You would see Casey on the sidelines of every Shawnee Football game waving a towel to get the fans "pumped up". Casey's involvement at Shawnee High School was one of his many great experiences. He was a manager for the football team. He also participated in track and field, and the stage crew for plays and musicals.

Casey was always prepared for a pickup game at any time. He never went anywhere without being prepared to play football, basketball, wiffle ball, street hockey baseball, or even the chance to cast a fishing line with a hot dog as bait.

Casey's heart was pure and filled with love. He truly loved life, his family, his friends, and his teammates. Our hope is to spread that love far and wide.

The main purpose of Live Like Casey, Inc. is to make sure that children remain active and never stop playing and Live Like Casey in always enjoying life, supporting each other, having positive attitudes, and playing with their peers through mentorship and donations.
