- All items currently made to order, message for lead time.

---

### *Key Point/Notes*

---

- Installation area to be level with a suitable base installed prior to installation. Hard standing or gravel suitable. On delivery and installation if area unsuitable for installation then the delivery and installation will have to be delayed until area made good, extra delivery charges maybe be applicable. Would be pleased to offer advice on suitable bases on request.
- Sizes given are +/- 5cm and are for the footprint of the store only. Please ensure to add/allow 300mm extra for the depth and width to allow for roof construction over hangs if applicable
