Counseling Philosophy & Specialization

Molly has been working in the Fairbanks Community as a Nurse Practitioner since 2002. She uses a Biological – Psychological – Social Nursing Model in her delivery of comprehensive client centered care, for individuals with mental health concerns. This care includes psychiatric assessments, medication prescriptions as needed, and supportive, relaxation, and motivational therapy techniques. She specializes in the treatment of depression, mood disorders, anxiety disorders, post-traumatic stress disorders, and attention deficit disorders for individual, adult patients.
