What Remaining Really Means

Seven Key Lisbon Treaty clauses

Contained in the Treaty on European Union (TEU) and the Treaty on the Functioning of the European Union (TFEU) as amended by the Treaty of Lisbon (2007)

From Edward Heath's Treaty of Accession of 1972, to the Reform or Lisbon Treaty 2008, politicians have lied about the content of the EU's six Constitutional Treaties.

(1) A dictatorship: an executive of unelected politiburos:

Page 21 Article 13 - 19: Defines the Executive of the EU: three unelected politiburos on the soviet model. The only chance we have of representation is in the European Council, which starts off as being one Prime Minister per country (but can be chosen by EU politicians). But they (eg David Cameron) are the very same EU Bilderbergers who illegally forced us into the EU against our wishes in the first place.

Below the politiburos is the European Court of Justice, the one that ruled in case EUCJ 274/99 that it is illegal to criticise the EU. When EU Budget Director Marta Andreasen was fired for revealing that 95% of the EU's expenditure could not be accounted for, this court ruled she should be denied compensation because she told the truth. This is the court that interprets and enforces these treaties.

At the bottom is the powerless sham EU Parliament, the only vote we will get. It is the Soviet system, but with a more tyrannical constitution, 2,000 controlling pages long instead of the Soviet 80 pages.

(2) The end of the Lib-Dem, Labour and Conservative Parties:

Page 19 Article 10-4: "Political parties at European level contribute to forming European political awareness and to expressing the will of citizens of the Union.

"What does this mean? At the EU's Party Financing Conference in Madrid in June 1999, parties at the European level were defined as parties with voters in more than 10 countries. The Labour, Conservative and Lib Dem Parties have voters in only one country, Britain.

Under this clause, British parties do not contribute and do not express the will of the EU's citizens. That empowers the EU to abolish our Lib Lab Con, the very parties whose leaderships have worked so hard to illegally force us into the EU.

Not possible? Read the ½ page 1933 German Enabling Act. It didn't mention political parties, but was used to abolish them. Given Lisbon removes the last 20% of Westminster's powers, it makes perfect sense to close it. Britain's 13 EU

regions (which have already largely replaced our 48 counties) will report directly to Brussels anyway.

(3) The EU is a Military Union: scores of clauses including:

Page 35 Article 42 et seq. "Member States shall make civilian and military capabilities available to the Union for the implementation of the common security and defence policy,"

"Member States shall undertake progressively to improve their military capabilities."

Three unelected EU politburos will control the nuclear weapons of the former nations of Britain and France. The Treaty of Elysee 1963 gives Germany effective voting control of the EU. Nuclear weapons controlled by German dictators? What is that a recipe for?

(4) Petitions: We are told what to ask for:

Pages 19 10-4: "Not less than one million citizens who are nationals of many Member States may take the initiative of inviting the European Commission, within the framework of its powers, to submit any appropriate proposal on matters where citizens consider that a legal act of the Union is required for the purpose of implementing the Treaties."

Wonderful. We may petition the EU government. But we are only allowed to ask for more laws to complete the EU dictatorship. We are forced to petition for the EU, Soviet style.

(5) The EU can force the Euro on us:

Page 17, Article 3-4: "The Union shall establish an economic and monetary union whose currency is the euro." Our politicians pretend this means nothing. If our EU rulers were to impose the Euro on us under this clause, our British government, could in theory appeal.

Except for decades our puppet government has implemented EU treaties, laws, and regulations, not the wishes of the people. So it is unlikely it would appeal.

Under this clause, an EU judge would have no choice but to impose the Euro on us. (But they won't)

The EU dictatorship cannot be built while there is a strong and free Britain on its doorstep; we stopped them in 1914 and 1939.

Don't forget the EU was founded by Nazi Germany in 1940, and its design finalised at the conference at Berlin University in 1942, since when it has not changed.

So they will destroy us politically with the treaties, economically with the 120,000 regulations and destroy Sterling to give us poverty.

(6) We may not oppose the EU:

Page 17, 4-3: "The Member States shall facilitate the achievement of the Union's tasks and refrain from any measure which could jeopardise the attainment of the Union's objectives."

In English: "We must comply with the treaties, and we may not oppose the EU."
“

(7) We are forced to obey the treaties:

Page 18. 5-4: "Under the principle of proportionality, the content and form of Union action shall not exceed what is necessary to achieve the objectives of the Treaties."

In English, "The EU will not use more force than is necessary to compel us to comply with the treaties." The other EU states are to force us to comply too. These are just two of scores of clauses that demolished our sovereignty and Britain.

Summary: Britain was illegally abolished on 1st January 2009:

The treaties are written to conceal their intent. For example, they "take Primacy" over our written British Constitution and laws.

A nation cannot have two constitutions, so this means the EU's constitutional treaties replace the British Constitution. In other words, they abolish our Constitution (which is written, every word of it), but they are careful not to say that.

These six treaties are to be enforced by EU judges, paid by the EU, whose remit is to enforce them with the policy of "Ever closer union".

So every ruling is biased in advance towards the EU, and against Britain. These clauses, and hundreds of similar ones in the 2,000 pages of the six treaties, overwhelmingly abolish British sovereignty, and therefore the British nation.

Footnote: History shows us dictatorships eliminate those who put it in power, as they are the greatest threat to remove it. In the EU dictatorship our MPs will suffer even more than we will. Watching the suffering of complicit MPs is the one thing we have to look forward to.
