

Sadiq Khan Supports Maoist Woke

Tuesday 16th February 2021

Sadiq Khan supported an anti-Police mob, 4Front, who laid siege to a Police station during BLM protests with £100,000 of UK taxpayer's money. ([link](#))

To add to that Khan has also brought together more anti-White, anti-Democratic activists: the "*Commission of Diversity in the Public Realm*." to decide which parts of British History should remain and, what the majority White population should be able to see; what requires a name change and what should be removed.

These are moves that you might expect to have seen in 1930's Germany under the National Socialist Workers' Party (Brown Shirts) or more recently under Chairman Mao's Communist "Cultural Revolution" (Mao's Red Guards) in the 1960s and 70s China.

This and the scouring of texts to remove "offensive words" which were decided by anti-English, anti-White Racists is no different from "Book Burning" by NAZI activists to extinguish the past, and, in the end, to erase an entire race of people.

Such actions however they are justified are simply designed to bring about a Totalitarian Dystopia in the UK, modelled on George Orwell's "1984".

But we needn't even go that far back - only to 2020 and the US Presidential Election - which the Democrats won using the cover of the "Wuhan Flu" to unconstitutionally change the voting systems, at the State level in the states controlled by Democrats and ensured that nefarious postal-ballots in conjunction with vote counting software would be the majority means of voting. ([link](#))

Khan is practically mirroring and supporting with public funds what was happening during the 2020 US Presidential Election when BLM / Antifa mobs were actively - engaged in rioting, looting and intimidation of the local populations. The radical far left Democratic Party under Joe Biden was claiming that their activities were just peaceful protests.

What BLM Really Want

BLM founder / leader Patrisse Cullors had already stated that one of the primary BLM goals for 2020 was to get rid of Donald Trump – but in fact they are still rioting in New York - as of last weekend.

Independent newspaper reports showed what was really happening in 2020 - rioters were attacking and trying to set fire to Federal Buildings - as Donald Trump attempted to quell the uprisings - but the rioters were supported by local radical far-left Democratic Mayors who were supposed to keep Law and Order in their cities such as Seattle, New York, and Washington.

Meanwhile, BLM "Diversity Trainers" were busy intimidating local workers and city employees with Maoist – “Shaming” and “Cancelling” techniques - see Christopher Rufo's reports from Seattle ([link](#)) and other examples elsewhere ([link](#)). This copying of BLM behaviour was exposed in the Royal Society of Dramatic Arts (RADA) ([link](#))

This BLM Maoist inspired "Diversity Training" is now endemic within our Institutions in Britain, again paid for by public funds - it only leaks into the public conscience through actions of the likes of Khan's activists and those leaders of our Institutions, such as the National Trust.

But it is ubiquitous throughout radical left Labour dominated areas of Britain, and even includes our Military establishments.

"Blair's Government in Exile"

It seems that Blair is now part of Boris's government - trying to become "World Vaccine Tsar"- he is the last person who should be allowed anywhere near a vaccine programme (or ID Card scam) - particularly, while the UN's Agenda 21/30/50 is being implemented.

BLM is now reaping the reward of the UK's radical left-wing infiltration and indoctrination into the heart of British politics - as part of the "Long March Through the Institutions" - beginning with Labour taking over control of Education since the 1960's.

From 1997 onwards Blair created a veritable industry of activism directed against the English population. Most of the British institutions, including the NT, NHS, Civil Service, Charities, NGOs, Quangos etc., are filled with radical far-left activists ripe for exploitation by BLM - who would be welcomed with open arms.

The Conservatives who followed Labour after 2010 are not much better than New Labour, Cameron is a Blair clone; May is happy to sell the British people into the hands of the EU under German control – based upon the Merkel-May “Withdrawal Agreement” and Boris is little more than a UN puppet and a copy of a left-wing US Democrat – FDR – wrecking our economy, devastating our countryside, ignoring mass immigration and leading us down the road to serfdom.

Political Ambitions

Attempts by BLM to bring down the current UK government would be widely welcomed in Britain, particularly by Remain voters and the EU - and might be encouraged, but no such declaration of intent has been forthcoming, so far?

BLM Political Party?

Interestingly, it appears that BLM (though denied) have had an attempt to form a registered political party in the UK have been turned down by the Electoral Commission ([link](#))

But a BLM activist called Sasha Johnson, has indicated that another political party has been registered "*Taking The Initiative Party*" or "*TTIP*" ([link](#)) This party is as deceptive as the other attempts - "*TTIP*" only becomes clearly a BLM manifestation when you reach a title of "*Reparations*" on its main website.

That is where it is claimed that Black people (or do they mean BLM) are owed £14 Billion from British taxpayers' - based upon the BLM calculated estimate of compensation paid to former Slave owners.

This is quite revealing and begs the question what do BLM really want - is it power and money or absolute control over the lives of White people? See - What BLM really want - below.

Note

Anti-White government protesters are still looting, rioting, and attacking Police in New York - even after its natural allies, the US Democratic Party - won the 2020 US Presidential Election and President Joe Biden has already enacted over 40 BLM friendly Executive orders (Government by Decree).

Ironically, in Minneapolis where Black criminal George Floyd was killed by Police, BLM successfully made the City defund its Police force - but after a massive rise in violent crime they are being refunded to the tune of \$6.4 million.

More interestingly is George Soros's influence: "*Several city council members have proposed replacing the police department with a public safety office. Their effort is being boosted by Yes 4 Minneapolis, which ABC News reports is "being fuelled by a half-million-dollar grant from the Washington, D.C. - based group Open Society Policy Center, which is associated with billionaire George Soros. Organizers hope to collect 20,000 signatures by March 31."* ([link](#))

BLM have also targeted state schools in the US and UK for anti-White racist brainwashing - little is needed in the US and UK colleges and Universities.

In the UK the Labour Party and particularly, "New" Labour led by Trotskyite Blair running a rabble of Communist sympathising politicians (1997-2010) and continued by Brown until they were kicked out in 2013. By which time they had already infiltrated every aspect of British society, particularly in Education - with their anti-English activities which continues today.

Some BLM quotes:

- *"We actually do have an ideological frame. Alicia and I [Garza] in particular, we're trained organizers. We are trained Marxists."*
- *"We are super versed on ideological theories." — [BLM co-founder Patrisse Cullors](#), July 22, 2015.*
- *"We say #DefundThePolice and #DefundDepOfCorrections because they work in tandem. The rise of mass incarceration occurred alongside the rise of militarized and mass policing. They must be abolished as a system." — [BLM Chicago](#), June 13, 2020.*
- *"We are anti-capitalist. We believe and understand that Black people will never achieve liberation under the current global racialized capitalist system." — [Movement for Black Lives \(M4BL\)](#), of which BLM is a part, June 5, 2020.*
- *"We stand with Palestinian civil society in calling for targeted sanctions in line with international law against Israel's colonial, apartheid regime." — [BLM UK](#), June 28, 2020.*
- *"We are an ABOLITIONIST movement. We do not believe in reforming the police, the state or the prison industrial complex." — [BLM UK](#), June 21, 2020.*
- *"Yes, I think the statues of the white European they claim is Jesus should also come down. They are a form of white supremacy. Always have been. In the Bible, when the family of Jesus wanted to hide, and blend in, guess where they went? EGYPT! Not Denmark. Tear them down." — BLM leader [Shaun King](#), June 22, 2020.*
- *"We are living in political moment where for the first time in a long time we are talking about alternatives to capitalism." — [Alicia Garza](#), BLM co-founder, March 2015.*
- *"We are self-reflexive and do the work required to dismantle cisgender [a term for people whose gender identity matches their sex assigned at birth] privilege and uplift Black trans folk, especially Black trans women who continue to be disproportionately impacted by trans-antagonistic violence...."*

Summary

BLM is not about reconciliation between people of different colours, different views on life, different genders, sex, or anything else - they are quite the opposite - they are intent in stirring up antagonism between different races, genders, and sexual orientations.

That includes any other difference (real or imagined) that they can create and exploit - as prescribed in the Frankfurt School's "Critical Theory" - "from

Marxism and Feminism, to Eco-Criticism" (really the theory of antagonism and how to use it).

Not forgetting *"Intersectionalism" - "The study of minorities within minorities, or intersections between minorities; specifically, the study of the interactions of multiple systems of oppression or discrimination".*

Sadiq Khan's actions to use public funds to not only assist BLM but his actions to also create a group of "diversity" activists suggests that he is fully onboard with BLM's objectives to divide civil society as a Fabian and a Labour (PLP) Party member.

BLM is a more sophisticated reincarnation of the 1960s - 1970s Black Power movement – the “Black Panthers” but versed in modern technology but effectively using Maoist inspired Cult Methods to infiltrate and indoctrinate all aspects of English-speaking Western society using Racist rhetoric against the majority White population.

Once infiltrated BLM activists develop and train other young, naïve activists to continue the reprogramming and take control of the narrative of each Institution.

Once in control of those, it would be only a matter of time to overturn the government and the Police, Military and Intelligence services, and Utilities and Telecommunications etc., already reprogrammed by Blair and "New" Labour.

Taking over then - would be relatively simple to achieve - as Mao did to keep power using his Red Guards and the destruction of the "Four Olds" ; "Old Ideas", "Old Culture", "Old Customs" and "Old Habits" (basically the destruction of Culture and History of the target society (United States and Britain) as occurred in China between 1966 -1976 (Mao's death).

Using the word "Woke" - sounds nice - but it belies the application of a deep-seated hatred - like all applications of Marxism. It is nothing like how it sounds, it offers nothing of value and takes away any goodness that exists in the world.

It is only about creating division and mistrust between people and using intimidation to gain control.

Once again George Orwell in "1984" understood the radical far left. ([link](#))
