## October Board Meeting Friends of MetroParks of Butler County

Wednesday, October 10, 2018

Butler County Historical Society

327 N 2<sup>nd</sup> Street, Hamilton, OH 45011

7:00-9:00 PM

## Letter from the President

Fall is here, at least according to the calendar. I know that it will not be too long before we're all sipping hot cider and missing warm weather, but a little seasonal weather would be nice. Soon the leaves will be changing color and the grass will stop requiring weekly attention from the lawn mower. This is the time of year for fall migrants to pass through on their way south (although some may not yet feel any real sense of urgency). This is a fine time of year to visit the parks to see the fall wildflowers and watch the squirrels making last minute deposits in their nut bank.

Please join me in wishing Larry Gersbach a speedy recovery from his recent surgery to repair a torn Achilles tendon. Who would have thought that a pickle (or was that a pickleball) could be so dangerous? Best wishes also to Don Eberwine that this round of chemo gets the job done. Being a board member is not for sissies!

See you in the parks,  
Bill Walker, President FOMPBC

## Upcoming Events

### **Kroger Community Rewards Update**

#### **FOMPBC organization # TM866**

Kroger is committed to helping our communities grow and prosper. Year after year, local schools, churches and other nonprofit organizations earn \$4 million in Greater Cincinnati, Dayton and Northern Kentucky through their Community Rewards program. FOMPBC is one of the Many wonderful organizations that benefit from this program.

#### **How Can YOU Help Us?**

In April 2017 Kroger’s updated their Community Rewards process and software. As of April, supporters will no longer have to re-enroll their Kroger Plus Card to earn dollars for your organization. This will make it easier for you to support us! Please take a moment and make sure you are enrolled and supporting FOMPBC.

<https://www.kroger.com/account/enrollCommunityRewardsNow>

Once you’re enrolled you will earn rewards for FOMPBC every time you shop and use your Plus Card.

### **Amazon Smile**

#### **What is Amazon Smile?**

Amazon Smile is a simple and automatic way for you and your family to support FOMPBC every time you shop from Amazon, at no cost to you. Instead of shopping at Amazon.com you go to <https://smile.amazon.com>. You will find the exact same low prices, vast selection and convenient shopping experience as Amazon.com, with the bonus that Amazon will donate a portion of the purchase price to FOMPBC.

## Tree Planting Extravaganza

Planting trees can transform a landscape. Recently the operations team has been hard at work to reforest areas throughout MetroParks.

Our biggest project this year has been at the Meadow Ridge Area of Elk Creek MetroPark. With the help of volunteers and staff we have planted close to 1,000 trees. The reforestation of these landscapes provides vital habitat for wildlife, increases the diversity of trees, and helps prevent invasive species from moving back onto the landscapes after they have been cleared. In this article, we have *Tree Planting 101* so you can do this in your very own backyards.

**Timing:** The time of year is important. Fall and spring have been identified as the best times of year to plant.

**Choosing your tree:** Research what native plants grow best in your chosen location. If you are planting in a very sunny location or very shaded location, certain trees may survive better than others. Visit a local nursery for assistance on selecting a tree. We recommend native trees.

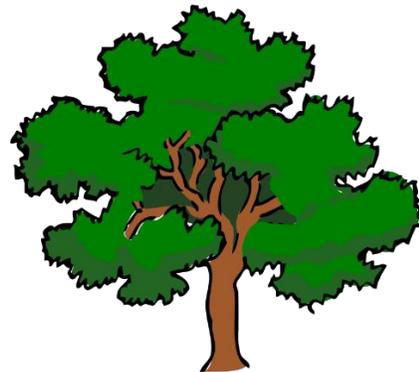

**Planting the tree:** Before you begin, make sure to remove any invasive plants that may compete with your young tree.

1. Dig a hole at least twice the width and same depth of the tree's container. The hole should be wider than it is deep.
2. Carefully remove plant from plastic container and set in hole. The top of the

tree's soil (from container) should sit 1 inch above ground level.

3. Fill in the hole with the removed dirt.
4. Pour 1-2 gallons of water around tree. This sets the soil between planted tree and ground. Pour at small intervals around the perimeter. Add additional soil as it settles if it does not meet the needs in Step 2.
5. Consider putting woodchips around the tree (leaving 1-2-inch circle around trunk). This increases the ground's ability to hold moisture, which is needed for young tree growing in dry conditions.
6. Protect your tree from deer. We recommend putting a small fence around the tree with stakes. Make sure the fence is at least 1.5 feet from the trunk in all directions, allowing for natural growth. Keep fence around tree until it is tall enough to have leaves that deer cannot reach. Using a deer fence prevents the deer from eating the leaves on the tree and from rubbing their antlers on it. Both threats can cause stress to a young tree.
7. Don't forget to check up on your tree regularly. Water if dry conditions persist for a few weeks.

Now you are ready to plant your very own tree!  
Have questions? Contact Land Stewardship.

## Great Miami River First Nations Festival

The First Nations Festival at Governor Bebb MetroPark on September 22 received acclaim from the audience that braved threatening weather to enjoy the spectacle. Four drum circles highlighted the performance, which shared folklore and traditions to describe each dance. Lovely regalia and expert dancers made for a memorable day.

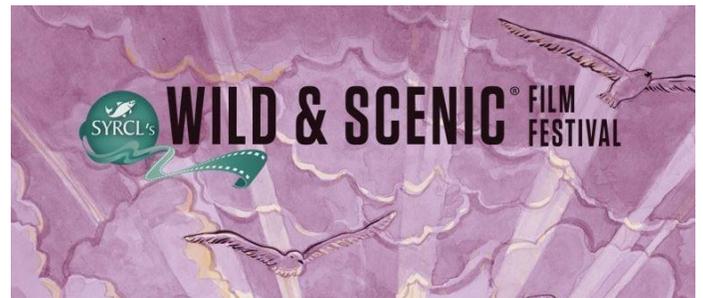

### Arts in the MetroParks - featuring the Wild & Scenic Film Festival

The MetroParks of Butler County is gearing up to debut another new event; this time, an art series! Arts in the MetroParks is a juried competition with 2018's theme focused on the newly declared "Great Miami Riverway." Artists and nature lovers from all over the Butler County community (and beyond) will have the chance to experience creative visions of the Great Miami River at the new River Center in Middletown through various art mediums. Art submissions can directly showcase the river or have relativity to the river; the Great Miami River's color scheme, vegetation/wildlife, texture, etc. are all accepted! Painters, sketchers, potters, photographers, and all other artists alike that wish to enter this new art series should do so by October 12<sup>th</sup>. Registration information can be found on MetroParks' website.

The evening of October 26<sup>th</sup> kicks off the series with a reception and awards ceremony from 5:00 – 8:00 p.m., followed by open houses the following three Fridays at the same time – November 2, November 9, and November 16. Light refreshments will be available each night of the series with short environmental conservation films from the Wild & Scenic Film Festival delighting guests during the open houses. Admission is \$2 per person or \$5 per family.

The first night of the Wild & Scenic Film Festival screenings will showcase: Guided, Can We Save the Frog Prince?, and The Curve of Time. The second night will showcase: A Ghost in the Making: Searching for the Rustypatched Bumble Bee, Writing on Stone, and Biomimicry. The final night will showcase: Coral Reef Rescue, My Irnik, The Invisible Mammal: The Bat Rescuer, and Climbing Kilimanjaro: A 12 Year Old's Passion Project. All films are family-friendly and incredibly inspiring; you will leave with new perspectives of the outdoors and how we can better our planet. Films will begin at 6:00 p.m. each night of the open houses.

## Kathy Takanen – West Chester Photo Club

### How long have you lived or worked in Butler County?

My husband, Rick and I moved to Butler County shortly after we were married. We have lived here ever since, just a little over 36 years. We moved to the area because Rick took a job with General Electric's Aircraft Engine Division.

### Tell me a little about your family:

Rick retired from GE after working there for 34 years. I taught middle school math before we had our children. I stayed home with them for 8 years and then continued my teaching career at Bethany school until I retired. We have two sons, Richard and Matthew. Both sons were born and raised here. Richard graduated from The Ohio State University and now lives in Harmony, Florida. Matt graduated from the United States Air Force Academy and now lives in Durham, North Carolina.

### Do you have any hobbies?

I have a passion for photography and card stamping. I am also a member of the Montgomery Woman's Club. MWC is a service organization, which raises money to support local area non-profits. I am an avid participant in UC's Osher Lifetime Learning Institute (OLLI). For a modest fee, I am able to take classes on a wide variety of topics.

### What do you like to do for fun or is there a fun fact about yourself you would like to share?

Rick and I love to travel. In addition to trips within North America, we've been to Japan and Europe. My favorite trip was *The Canadian Rockies by Road and Rail*.

### What do you love most about volunteering for MetroParks?

As I said earlier, photography is a passion. MetroParks offers a wide variety of programs. It gives me an opportunity to photograph things and events which the average person doesn't have the opportunity to experience. My favorite event is *Mud Mania*, closely followed by *The Crazy Cardboard Regatta*. MetroParks has a new program this year, *Great Miami River First Peoples Celebration*. I am looking forward to photographing it.
