

WANTED: Drone Racing Clubs

with a

Need for *Speed*

Drone Cadets is Bringing Drone Racing to the **Hudson Valley** and the **Greater New York Area**

Teams are Forming now and Training for Spring '22 Competitions
We are looking for instructors, schools and organizations who want to participate.

Drone Cadets Mission:

To help break the chains that bind so many, by offering an incentive and an alternative to the high cost of college through drone training. We're dedicated to helping build the ethics and character of our youth while feeding the fertile young minds of our world's future leaders. We do this by bringing Drone Technology to underserved communities throughout the US, and beyond. For more info visit Drone-Cadets.com.
