

Hello,

The Brookfield Conference Center will be hosting Wisconsin's largest annual stamp exhibition, MILCOPEX, on September 25-26, 2026. We are excited and pleased to announce that the U.S. Postal Service has selected MILCOPEX as the site to issue four new postage stamps featuring squirrels and chipmunks in the snow. This ceremony is expected to draw a large crowd. Additionally, there will be dealers from throughout the U.S., 100 frames of competitive exhibits, society tables, the U.S. Postal Service, educational seminars, programs, meetings, and a silent auction.

Every attendee will receive a show program upon registration. We would love to include your business or organization in this program. Please find all the details below and thank you for your support.

Sincerely,

The Milwaukee Philatelic Society & the MILCOPEX Committee
