

ATA #5 Challenge Offers Cash Prizes

In celebration of 75 years of organized topical collecting, ATA #5 (Milwaukee Chapter), is challenging the philatelic community to create one-page non-competitive exhibits related to any aspect of Wisconsin.

You won't need to send the actual completed page - just a scan. The page will appear on the Milcopex website.

Complete instructions, a starter list of ideas, and an application can be found on the website: www.Milcopex.org Deadline for entering is December 31, 2024. The activity is open to the collecting public.

Cash prizes of \$75, \$50, and \$25 will be awarded in a random drawing to take place in January. The intent is to encourage participation without the skills and structure required for competitive exhibits. These fun-page displays will help to tell the story of our state, be educational, and showcase the wide range of philatelic material that can be used to tell Wisconsin's story. There are no limits to the number of single page exhibits that can be submitted but no person can receive more than one cash prize.

The American Topical Association was founded by Milwaukee's Jerry Husak. He and his wife Sally called Wisconsin home for many years. It is in their honor that we are offering this opportunity as a way to recognize the impact that topical collecting has made in philately.

Please consider helping us meet our goal: 75 topical pages related to all things Wisconsin in celebration of ATA's 75th Anniversary.
