I am a mother to a very active pre-teen. My daughter has been a competitive dancer and gymnast for several years, as well as a Junior Lifeguard.

I am a Creative MBA grad with several years of volunteer and event management experience for the Department of Defense. I am currently in the process of obtaining my second Masters, in Marriage and Family Therapy. I serve as a Deployment Readiness Coordinator onboard Camp Pendleton, where I plan and implement many events and fundraisers. I'm also an Acro coach at a dance studio and a gymnasium.

I have held various jobs pertaining to fundraising, event planning, outreach and morale boosting. I was an International Narcotics and Law Enforcement Affairs assistant at the U.S. Embassy in Liberia, where we allocated funds to provide uniforms for police officers in Liberian prisons. In 2014 I worked for the Saudi Arabian United States Employee Recreation Association, where I hosted events and fundraisers to provide play equipment and recreation centers for the residents at the U.S. Consulate in Dhahran, Saudi Arabia. In 2016 I ran a Single Marine Program Recreation Center onboard Camp Pendleton where I planned weekly events for the single Marines. I've served as the fun run coordinator for my daughter's school, and am a Junior High and High School Youth Leader at our church. I've helped raise money for and plan various Marine Corps balls and Molly Pitcher Celebrations and I've volunteered with multiple non-profits including Give Kids The World, Make-A-Wish, Toys for Tots and American Heritage Girls.
