

# Famous Wanstead Veterans

---

## No. 31 Ken Winberg

Since being freed by Warner Brothers from his role as Lucius Malfoy, Ken has been able to spend more of his time playing Vets golf, gardening, sealing the Entente Cordiale, decorating, house hunting, moving and being full time PA to past Captain Roffe. This has meant that he is no longer reliant on just the Saturday dawn chorus for his golfing fix.

In a previous incarnation as a lawyer Ken sorted out peoples problems by clearing up their mess, disposed of unwanted items and made general improvements. In his current incarnation as a gardener he sorts out peoples problems by clearing up their mess, disposes of unwanted items and makes general improvements and in a future

guise as a decorator he will sort out peoples problems by clearing up their mess, dispose of unwanted items and make general improvements.

A great supporter of Vets events Ken is still eating his way through 5cwt of clawless Aussie rock lobsters bought at auction in support of Captain Roffe's charity. Along with Martin and Derek, he was responsible for the refurbishment of the 'on course restaurant'.

A prodigious hitter of a golf ball, Ken is a great man to be on the course with. He is also a wonderful companion in the bar be that over a pint or sampling the delights of marmalade vodka
