The Junior
National Braunvieh
Show will held at
Texarkana, AR
June 14-18, 2021

Welcome,

On behalf of all the consignors we invite you to the 30th Annual Midwest Regional Spring Braunvieh Sale at the Springfield Livestock Marketing Center. The consignors have brought a great group of Braunvieh cattle to the sale with a good variety of open heifers, bred heifers, spring and fall bred cows and pairs. Some of the spring bred should be pairs by sale time. We also have four bull lots, three semen lots and two lots of embryos.

The cattle will be on display Friday May 7 in the afternoon and on Saturday May 8 in the morning before sale. Please feel free to call the consignors about their cattle and ask questions.

The café will be open on Saturday for lunch. When you register to bid you will receive a coupon for lunch.

We want to say thank you to all the consignors for bringing some of their great cattle to this sale and to all the people that help make the sale happen each year. Let us know if we can do anything to help make your trip a success. A supplement sheet with sale order and any updated information not shown in the catalog will be available Saturday morning at the sale and online at missouribraunvieh.com

We look forward to seeing all of you at sale.

The Sale Committee

Saturday, May 8, 2021

1 p.m. • Springfield, Missouri
at the Springfield Livestock Marketing Center

Sponsored by the
Missouri Braunvieh Association

Schedule

Friday, May 7, 2021

Sale cattle available for inspection in the afternoon

◆ This heifer is out of one of our Broken Oak foundation dams with a pedigree packed with old Swiss and breed leading genetics. Sire is DCT Diamond Grit, a TLC True Grit son from Lane & Lane with genetics going back to Silverwood Dragon, Northstar Vernon, and Bodines Doubletime. Selling her because we have two sibs that are potential herd sires.

Lot 1A – Heifer calf born 3/27/21, birth wt. 67 lb., sired by homozygous polled, WDL's Polled Napoleon (PB90113).

Consigned by Eades DCT Farms & Ranch LLC, Bee Branch, AR

Lot 1 – Diamond Promise & Lot 3A

2 SSB MISS MARY

Spring Calving Horned Fullblood Cow & 3/4 Bull Calf

◆ Fullblood breeders take a hard look at this female. She was one of the last heifers produced by the great Ray Snider. An SSB Chico daughter out of a Doctor Hank female. Other greats in the pedigree include Sam 627, Riss, and the great Trina cow (Admiral x 814). You can't go wrong!

Lot 2A – Sells with a 3/4 blood bull calf at side, QPG Royal Escape J003, born unassisted 3/19/2021. Birth wt. 80 lb., sired

by QPG Royal Flush (BC96235), a true F₁ out of the one and only Kellie cow.

Consigned by Quail Pass Genetics, Billings, MO

|------|-----|----|----|----|-----|----|-----|
| EPDs | CED | BW | WW | YW | CEM | MM | MAT |
|------|-----|----|----|----|-----|----|-----|

◆ This is a 1st calf halfblood heifer with a bull calf at side. Truly demonstrating the value of introducing Braunvieh bulls into a commercial operation, this young female should prove to be an asset in your herd for many years to come. She has that under you are looking for and should be that typical moderate framed cow that we strive to produce. She was part of a multi-sired pasture, but DNA is on file and she has been parent verified to Mr RCB D655 (PB91765).

Lot 3A – The bull calf at side born 2/21/21 is sired by DLT 787 (BC93388, 7/8 bull). We used this sire exclusively on heifers, have been very happy with the results and believe this young bull calf will follow that same pattern with a 68# actual birth wt.

Consigned by PFR Braunvieh, Russell, KS

◆ An amazing purebred cow, I regret having to part with. She is a moderate type female straight from the heart of the Alleluia Acres program. She is sired by the great GLB 8143 "Yancy," who needs no introduction in the Braunvieh breed for producing amazing cattle. She is a paternal sib to the \$17,000 high selling lot in the 2019 National Braunvieh Sale and her calves have been sale toppers as well. Follow Quail Pass Genetics on Facebook for updated information.

◆ Bred to QPG Royal Flush (BC96235), a true F1 out of the one and only Kellie cow, and should calve by sale day

*Consigned by Quail
Pass Genetics,
Billings, MO*

- ◆ I have decided to downsize my herd and stay with purebreds and fullbloods. I don't have enough pasture to keep all that I have. This is a good cow who has raised some very good calves including WW Little Darling 543C. She is 6 of 8 CT for Leptin, AT for PMCH, CC for IGF2 and GG for CRH. Whoever buys her should AI or flush to Undaunted.
- ◆ Pasture exposed to AAB Mr. Front and Center F133 (OB95354), who is 6 for 8 also according to Quantum Genetix.

- ◆ This is a fall bred 5 year old cow that demonstrates what we have been working hard to develop in our herd. This ½ blood has Simm/Angus on the dam side. These cows are moderate framed, maintain good condition and have worked well in our operation as good productive cattle. This was a show heifer that calved late in her 1st calving season outside of our normal spring calving cycle so we moved her into our fall calving cycle.
- ◆ She is confirmed bred with her 3rd calf to SFF Mr. Titus 905G (PB97163) with pasture exposure dates of 11/27/20 – 2/21/21.

◆ When I see this heifer in the pens or out grazing, one word comes to mind, Broody. This heifer carries excellent depth, width over her top, great feet and legs and a good disposition. This heifer has all the makings for becoming some exceptional cow-power in someone's herd. This rugged heifer moves easily, has been easy to work with and is an easy keeper. We have been watching this one ever since she was a small calf and only gets better with time and is one that will stand the test of

time with a very productive future.

◆ This heifer is out of a commercial Charolais cow we have kept a few heifers out of. These heifers have always grown to be easy going and keeping cows in the herd. Out of our Fullblood bull, Sergeant Preston, she is a halfblood and carries many of the traits we all look so much for in cattle. This heifer would be staying on the place but we are trying to move to more traditional colored Braunvieh cattle so we are offering her to perform in someone else's herd. This is a heifer that will work well for anyone in their commercial herd.

◆ This young Fullblood bull is definitely not one to look away from. This Sergeant Preston son has a lot of growing and potential to offer a new owner. This bull is out of one of our Fieldstone cows which possess an excellent disposition and has never shown any aggression when being worked with. This young bull is easy to work with, quiet, travels out very nicely on great feet and legs and has the potential to make an impact on any herd whether it be commercial, purebred or fullblood.

◆ General Jackson will be a moderate sized bull which will fit the bill perfectly for anyone looking for a fullblood bull that is also looking to keep the mature size of their cows in check.

TERMS & CONDITIONS

Terms of the sale are cash or check with proper I.D., and settlement must be made sale day and/or before anything is loaded or leaves the sale facility. Every lot will be sold to the highest bidder, with the auctioneer settling any bidding disputes. Announced changes in catalog information sale day will take precedence over printed material in the catalog.

Registrations and Transfers

A certificate of registry and transfer will be furnished for each animal at no cost to the buyer within 45 days after settlement of animals purchased.

Performance Information

EPDs were the current EPDs available at the time the catalog was printed. These EPDs are regularly updated by the Braunvieh Association of America to reflect additional performance information, and may change from those printed in this catalog.

Health

All cattle will have proper health certificates for shipment. If your state requires TB tests, please contact individual consignors prior to the sale regarding testing.

Insurance

All animals become the property of the purchaser and will be at purchaser's risk at the time of sale. Insurance will be available should buyers wish to purchase it.

Breeding Guarantee

All cattle in this sale are guaranteed in accordance with the rules and regulations of the Braunvieh Association of America. Any female which is stated to be pregnancy checked safe in calf is guaranteed to be pregnant at the

time of the sale. All females are guaranteed to be breeders, with the exception of: a) heifer calves sold at side of dam; b) animals incurring injury or disease after the time of sale; c) animals subjected to gross negligence or willful misconduct on the part of the purchaser; d) females used in embryo transplant after the time of the sale; e) any females safe in calf or with a calf at side at the time of the sale are considered breeders with no further guarantee.

Genetic Defect Guarantee

The cattle in this sale are guaranteed to be free of known Genetic Defects as outlined in the Braunvieh Association of America Rules and Regulations. If an animal sold in this sale is found to have a genetic defect, it will be the responsibility of the seller of that animal to satisfy the buyer with a refund or replacement. Buyer must contact seller within 12 months from the sale date to implement the guarantee.

Delivery

We will assist buyers in arranging shipment of their purchases.

Liability

All persons attending this sale and related functions do so at their own risk. The Missouri Braunvieh Association, and Springfield Livestock Marketing Center and sale consignors assume no liability, legal or otherwise, for any accidents that may occur.

Absentee Bids

If you wish to make purchases but are unable to attend this sale, please contact any member of the sale committee or the consignors.

Air Transportation

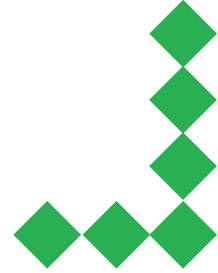

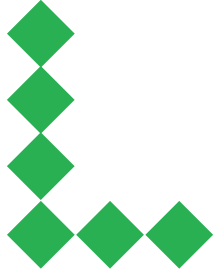

Major airlines have regular service into Springfield, Mo.
