OUR STORY

To Our Shores, Inc. is a 501(c)3 nonprofit organization located in Lawrenceville, Georgia. Our mission is to improve the healthcare status of minority communities by providing culturally informed and individualized health and social services. To Our Shores, Inc. is also focused on promoting self-sufficiency and equity for under-recognized, underprivileged, and untapped communities through capacity building, life-skills, and educational programs.

Established in 2013, To Our Shores, Inc's vision is to be the premier community organization rendering services in an innovative and judgement-free environment allowing patients to exceed their dreams.

The organization relies on grants, fundraisers, and the generosity of donors to provide multilayered health and human service programs to all who come to our shores.
