***Kiss Those DMV Lines
Good-Bye***

A Personal Viewpoint

By Debra Gentile

If you are one of those like myself, who hate to wait on long lines for your auto tags, there is a solution. Instead of losing a half a day's work, a half a day's wages, and your temper, go to Auto Tags & Titles of South Florida. Not only can they get your auto tag; they also take care of all that confusing paperwork.

Owner Joyce Ford created a valuable service when she opened Auto Tags & Titles of South Florida one year ago.

Since there was a change in the law, it is a criminal misdemeanor if you didn't possess an up-to-date auto tag and registration- you will go to jail.

Auto Tags & Titles of South Florida alleviates this bothersome chore as well as handling tag and titles for boats, mobile homes, motor homes, trailers and motorcycles. Their service also includes taking care of titles, duplicate titles and "problem" titles. Registrations, renewals and transfers, and if you need a notary that's available also.

So now you're probably wondering how long before you get your tags. How about the next day? That's right, Auto Tags & Titles of South Florida can have your paperwork and tags the next day. Not to mention the relief you will feel. Private agencies usually take 7 to 10 days to get tags. So you can see the best way to go.

Auto Tags & Titles of South Florida is open everyday but Sunday until 6:30pm. There is also a 24hour number 791-0286 that you can call every day. They are located at 3604 Davie Blvd. in Ft.Lauderdale.
