Mission Statement

The Wildcat Shooting Club is a part of the already established Kansas State High School Clay Target League. We will follow the league's mission as follows:

Safe responsible handling and storage of firearms and ammunition is the first priority.

Everyone should have fun.

Participation is a privilege and not a right.

Sportsmanship needs to have a constant presence.

Students should have an equal opportunity to participate.

Ethical behavior, dignity and respect are expected.

Participants will be chemically free.

Collaborative relationships with schools and students create a positive experience.

Academic priorities must come before participation.

Adults must serve as a positive role model to students.

The success of the team is more important than individual honors.

Gun clubs are critical to the success of the League and are positive business leaders in their community.

Compliance with school, community, gun club and League rules are essential for all participants.

Shooting sports strengthens connections within families and communities for life.

Everything the League does will always be in the best interest of the students.

USD# 416 Association

The Wildcat Shooting Club, while endorsed by Louisburg USD# 416, does not have any affiliation with Louisburg USD# 416. Wildcat Shooting Club is an independent non-profit organization created by volunteer members and will operate under its own rules and regulations. The club has received permission from Louisburg USD# 416 to use the name “Louisburg High School”, which is how we will be presented through the Kansas State High School Clay Target League. While Louisburg USD# 416 considers us an LHS club and supports our clubs’ efforts to promote safe and responsible gun handling, it is not responsible for any activities or events hosted by the Wildcat Shooting Club.

Gun-Free Schools Act

As a student and parent of the Louisburg School District, you should be aware of the school's Weapon Policy. No student, parent or guest shall have in his or her possession on school premises (i.e., throughout the buildings and grounds of any facility, vehicle owned, leased or used by the district), any rifle, shotgun, pistol, revolver, or other firearm (including a starter gun), knife, dangerous chemical, explosive, or any object which is not necessary for school activities, and which could be used as a weapon or could be reasonably suspected of being a weapon. A weapon is defined as any instrument capable of firing a projectile, the frame or receiver of any such weapon, a firearm muffler or silencer, any explosive device, or any other instrument capable of inflicting bodily harm.

As a member of the Wildcat Shooting Club, the District Weapon Policy still applies to you. For definition purposes, equipment is defined as a shotgun, gun case, and/ or ammunition (full or empty boxes or shell casings).

- Under ***NO CIRCUMSTANCES*** should a student athlete, coach, parent, or volunteer bring their equipment to school in their vehicle, or plan to leave directly from school to go to the gun club. This would be a strict violation of the District's Weapons Policy, for which you should expect to be punished to the full extent.
- In a situation where the student accidentally leaves equipment in their vehicle, when realized, they must self-report and immediately inform School Administration and the appropriate steps will be taken.
- As a member of the Wildcat Shooting Club, our position is not to debate policy. We must strictly adhere to this policy, as there are no exceptions nor is there any protection guaranteed. If you have any questions on this issue, please feel free to speak to the head coach.

Standard of Behavior / Code of Conduct

As a member of the Wildcat Shooting Club, you must understand that you have been given a unique PRIVILEGE to participate in the sport.

- You will promise to follow all the “Rules” & “Conduct” outlined in the Wildcat Team Handbook and those that the gun club & school have adopted.
- You will be respectful of all your fellow team members and coaching staff and represent the school with pride and integrity whenever you are participating in a High School Trap Team League event or activity.

Athletes and Parents:

- Will respect their coaches and follow the directions of the coaches. Athletes and parents understand that they need to always follow this direction, especially during our League events for Safety reasons to protect all Athletes, Coaches, Volunteers and Spectators.
- Promise to make Safety the Number One Priority whenever I am handling a firearm.
- Will not bring firearms or ammunition on school property.
- Courtesy & Sportsmanship go hand in hand with safety to create a safe and fun environment. They also portray our sport in the best possible light within our school and the greater community. There will be a strong emphasis on the value of team unity, sportsmanship, & hard work. Every player will have an important role to play. A critical part of being a good team is everyone knowing their role and performing it to the best of their ability. Trap Shooting is a fun sporting competition that is a once-in-a-lifetime experience which we hope you enjoy and take with you well into your future as adults.

Two Strike Policy

Two Strike Safety Rule:

Along with the safety rules, the following conduct and sportsmanship rules will be strictly enforced for players, parents, and coaches: Safety is no joke and is taken seriously, especially in shooting sports. A Two Strike Rule will be applied for any student who is found to be in violation of the rules above.

- *Strike One.* Upon a first safety violation, the student will be sent home immediately, and it will be the coach's responsibility to contact the parent(s) of the athlete and address the concerns before the athlete can return to the team.
- *Strike Two.* If there is a second safety violation, the student will be removed from the team and will not be able to appeal a return. No refund of any type will be provided to a student removed from the team based on a second safety violation.

The League will be informed immediately of any roster changes. The Kansas State High School Clay Target League has specific rules regarding appropriate attire and conduct as well. You are expected to abide by the League's Policies and Procedures. Any misuse or violation of these rules could result in suspension of your shooting privileges with the team and possible permanent removal from the team's roster.

Safety & Courtesy

It is the student athlete and coaches' responsibility to conduct an event in a reasonable and safe manner. Safety is more important than speed.

- Always keep the firearm pointed in a safe direction. Never at another person or building.

- Always keep your finger out of the trigger guard area until your firearm is shouldered and set.

- Be respectful and do not distract others.

- No heckling.

- Respect Range Safety Officers. Immediately respond to ceasefire or other commands.

- Do not handle, play with, or aim another person's firearm without the safety officer's consent.

- Do not leave your station or pivot recklessly to offer help if another athlete needs assistance.

- Only coaches can instruct athletes while occupying a shooting station. On-field skill training/coaching is not allowed during competition events.

- It is highly suggested that you clean your firearm after every day of shooting. A clean firearm is one that will work as expected every time you need it. Dirty or clogged firearms are dangerous.

- Each person is responsible for personnel equipment and items. All your equipment should be within reach or visible when you are on the range. Keep unused items in your locked vehicle.

- No eating or drinking while occupying a shooting station.

- Cell phones must be turned off, in airplane mode, or not in possession while shooting.

Safe Gun Handling

Be sure the firearm is safe to always operate. Never load or fire an unsafe firearm.

Know how to use your firearm safely. Remember your firearm training classes.

Know your target and what is beyond it.

Range safety starts with you. If you see a safety concern, bring it to the Range Safety Officer (RSO) or coach.

All range-specific rules are posted at each range; make sure you have read them. You can be banned from any range for violating their posted rules.

If you think there may be a range safety issue but are not sure, always bring it up to the Range Safety Officer or a coach as soon as possible. They care and want to know.

Do not touch others or their firearm when on the shooting line.

Be respectful and quiet. Do not distract others on the shooting line.

Only coaches will be allowed to instruct students on the shooting line.

Anyone on the range can *Call for a "Cease Fire"* if a safety issue is discovered. If you need to call for a cease fire yell loudly and raise your hand.

Only chamber a shell when you are at the proper station and close when time to shoot.

Shooters must not have a shell chambered when moving to the next station. (If a mistake is made, stop, point the firearm down range and take out the shot shell)

The first shooter on the shooting line can shoot only with official permission. (Official permissions is given from the Scorer, Range Safety Officer, or Coach)

Do not shoot when anyone else is shooting on the shooting line. Only during your turn.

Once you pull the trigger, you cannot stop the shot – take your time and be sure of your target.

Proper Hygiene

Be presentable with a clean uniform and proper attire.

Don't put food or drink into your shooting vest or shell bag.

Wash your hands after shooting.

Wash your hands after handling any ammunition.

Washing your clothes directly after shooting is highly recommended.

Remember that lead is present in this sport, and it is a known health hazard.

Weather Safety

In the event of inclement weather before or during League events, coaches will make safety their priority.

- When lightning is observed or thunder is heard, the event must be suspended. We follow the guidelines of the shooting range.
- The occurrence of lightning or thunder is not subject to interpretation or discussion. Lightning is lightning; thunder is thunder.
- Athletes and support personnel shall be moved to appropriate indoor facilities.
- Athletes shall not return to the field until lightning has been absent from the local sky and thunder has not been heard for 30 minutes.
- Spectators need to be advised to seek shelter also.

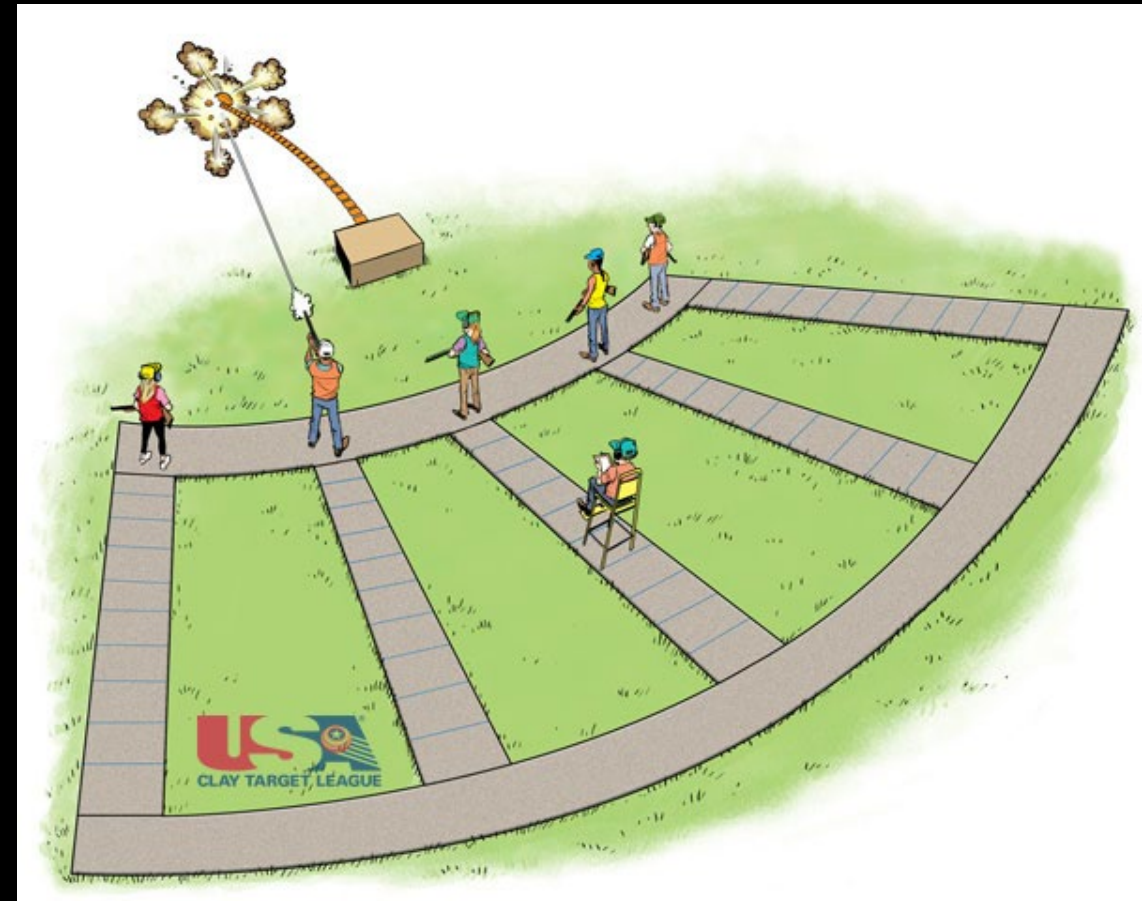

If the event is cancelled, the event may be rescheduled within the same week, or the Reserve Week score must be used. We will be occasionally shooting in the wind, rain, or snow. We will stop for lightning and thunder, hail or any other condition deemed unsafe. Dress accordingly for the weather.

Trap Shooting

A practice/reserve or competition event will consist of shooting two 25 target rounds for a total of 50 targets from the 16-yard station. Up to five athletes (squad) will occupy the stations on a trap field. Five shots are taken at each of the five stations. After the first five shots are completed by the entire squad, each athlete will move to a new station by:

- Verifying the shotgun is unloaded.
- With the action open and the shotgun pointed in a safe direction, rotate in a clockwise manner to the next station.
- Station one will move to station two, two to three, three to four, four to five, and five to one.
- Station five will rotate to their right moving away from the station four athlete who is moving to station five and continue to walk behind the other athletes to station one.
- Await the “START” command from the scorekeeper.
- The squad leader is the first to shoot in each round.
- Repeat process until all athletes have each shot 25 targets.
- No athlete will move to the next station until the last target in a round is completed.

Uniforms & Equipment

The Kansas State High School Clay Target League rules prohibit the following:

- Clothing that exposes any part of the torso such as cut-off t-shirts, halter tops, tank tops.
- Short shorts, low riding shorts or pants revealing undergarments or buttocks.
- Proper footwear must always be worn and have a closed toe. No sandals, crocs, open toed shoes.

It is **MANDATORY** the Athlete's equipment (club shooting apparel) must be worn at all team competitions and other Club & League events unless otherwise directed by the coaching staff, or you will not be allowed to compete.

Safety Glasses: These will be provided by the club.

Ear Protection: Hearing protection will be provided by the club.

Shooting Shell Bag: -These will be provided by the club.

Ammunition (shells): All athletes must use factory ammunition, which will be provided by the club.

Shotgun: A clean, well maintained working shotgun with a case to keep it in or for transport. Your firearm is not a toy. 12 gauge or 20 gauge are the only two types of shotguns we will use. Athletes cannot use a shotgun that has a barrel length of less than 24", has a sling or strap attached, or has a pistol grip that does not have a stock. Athletes are required to supply their own shotgun. If you need assistance, please speak to the head coach.

Insurance

All registered participants in the League are insured by the League at no additional cost.

The General Liability Insurance Policy provided to team staff members provides a \$1,000,000 per occurrence liability limit from claims made due to negligent acts resulting in bodily injury, personal injury or property damage to others.

The accident insurance for registered student athletes pays an athlete or an athlete's beneficiaries up to \$250,000 of medical expenses if an athlete's death or dismemberment is the direct result of a shooting-related accident. Coaches may request to receive the insurance policy from the League to view complete details.

The names of all registered athletes, coaches and other staff members must be included in the team's profile in ClayTargetGo! – the League's exclusive online application suite – prior to the first practice event to qualify for the insurance.

Members must agree to League terms of participation to receive insurance.

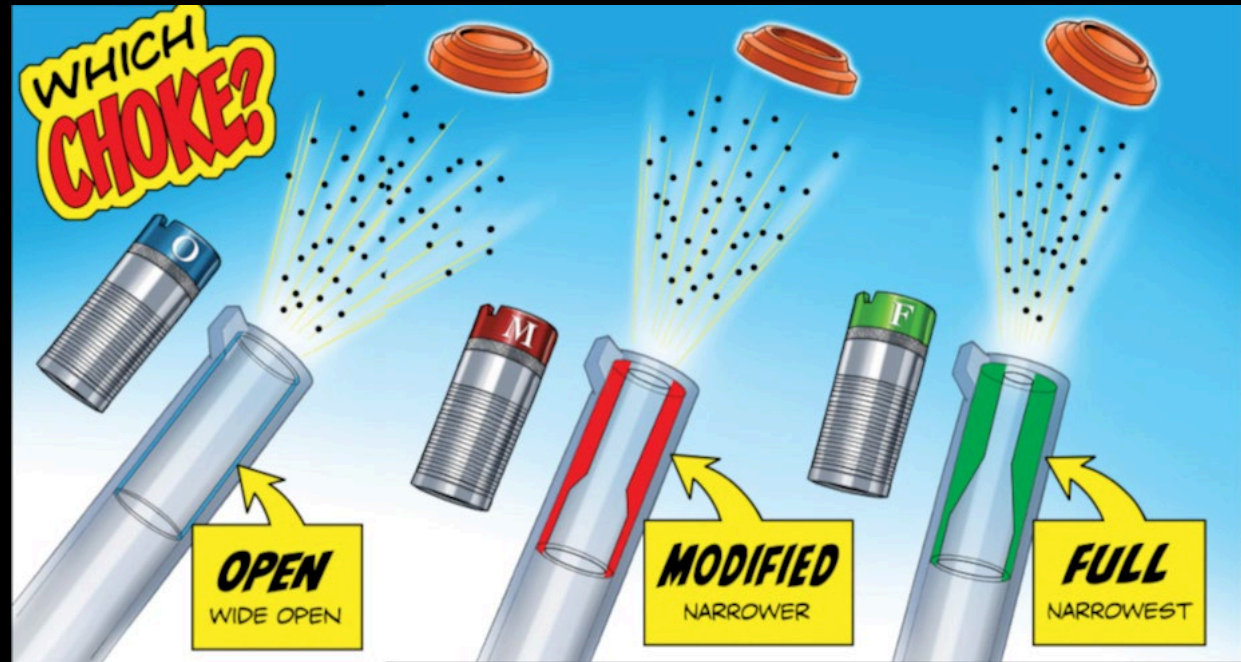

Choosing The Right Choke

WHAT IS A 'CHOKE?'

A choke is a metal constriction at the end of the barrel that forces pellets closer together before they exit the barrel. By forcing the pellets closer together, they will maintain a tighter formation (pattern) for a longer period of time. A choke that is 'tighter' (more constrictive) will keep the shot closer together for a longer distance than a choke that is 'looser' (less constrictive).

If you're shooting at targets that are farther away from you—like you would in trap—then you would want to use a choke that has a tighter constriction. Most trap shooters prefer to use an Improved Modified choke, because the average distance of your target when shot is about 30 yards. If you're shooting at targets that are close to you—like in skeet shooting—then a looser choke like an Improved Cylinder, or the obviously named Skeet choke is going to be a good choice. Once you decide on which choke to use with your shotgun, take the time to go back to the patterning board and see how your shotgun shoots with various types of ammunition. You might be surprised to see the variation in your pattern with different brands and loads.

One final note of caution: make sure you know if your shotgun uses a removable choke because you don't ever want to shoot a shotgun without its choke installed. You'll damage your barrel irreparably, and it's tough to hit a target without one.

CHOKE NAME	CONSTRICTION	% OF PELLETS AT 40 YARDS (30 INCH TARGET)
Cylinder / Open	None	40%
Skeet 1	0.005 in. (0.13 mm)	45%
Improved Cylinder	0.01 in. (0.25 mm)	50%
Light Modified / Skeet 2	0.015 in. (0.38 mm)	55%
Modified	0.020 in. (0.51 mm)	60%
Improved Modified	0.025 in. (0.635 mm)	65%
Full	0.030 in. (0.76 mm)	70%

DID YOU KNOW?

WITH A TARGET DISTANCE OF ABOUT 30 YARDS, MOST TRAP SHOOTERS PREFER TO USE AN IMPROVED MODIFIED CHOKE.

Awards

Team and individual conference awards will be announced on the League's website shortly after the completion of the last event.

Team Recognition

- All completed event scores are added to determine the standings based on the highest number of points earned.
- The team that ends the season with the highest number of points earned wins their respective conference.
- Ties will be awarded equally.

Individual Recognition

Individual awards will be recognized by the highest season averages:

- Overall High Average – single highest average in the League.
- Overall High Average by gender – single highest average in the League.
- Conference High Average by gender – 1-3 places

Athletes are required to have scores used in all competition weeks to qualify.

2024 Team Handbook

The Team Handbook can be accessed on our website at www.wildcatshootingclub.com under the 2024 spring info tab. This handbook gives valuable information pertaining to contact information, schedules, registration instructions, SAFE certification instructions, and lots of other information from this presentation.

KSHSCTL League Registration

REGISTRATION FOR LEAGUE

Each athlete is required to register through the Athlete Management System in ClayTargetGo.com. A parent or legal guardian must register the student if the student is under the age of 18 prior to the registration deadline date. All registrants must agree to all terms regarding Sportsmanship, Medical Consent, Privacy Policy and Consent & Waiver.

Pay the \$40 League registration fee. Athlete will then be added to the teams “waiting” list in the coach’s roster. Refer to page 13 in the Team Handbook for detailed instructions on registering athletes through AMS. Only register for TRAP for the 2024 spring season.

League registration fees do not include optional participation in year-end tournaments.

Paid registration fees are refundable prior to the registration deadline (refer to your schedule calendar for dates). This must be submitted through the head coach who processes the refund through TMS.

REGISTRATION

- Registrant must be:
 - The student’s parent/legal guardian, OR
 - A student that is 18 years of age or older as of the registration date.
- Go to www.claytargetgo.com and click on Athlete Management System.

- Enter our **Team ID: log441** and create a new Athlete Management System (AMS) account.
- Complete the student athlete registration by completing and accepting:
 - Consent Waiver, Sportsmanship, Medical Information, Medical Consent, Privacy Policy, and Survey.
 - Pay the \$40 League registration fee.
- Athlete will then be added to the teams “waiting” list in the coach’s roster management.
- Head coach will receive each registration and add students to the “invited” list to authorize and activate their registration.
- An email notification (check SPAM folder if not found) is then sent to the student/guardian, and registration is then activated in AMS.
- Athlete will then be able to access their AMS account. **Remember, we will be listed as Louisburg High School.**

TEAM ID: log441

SAFE Certification

FIREARM SAFETY CERTIFICATION

All student athletes are required to complete and submit certificates for either one of two League-approved firearm safety certification programs – a state-approved hunter education certificate or the League’s SAFE Certification. Either option requires the firearm safety certification information to be documented in Athlete Management System (AMS) before the athlete can participate in any shooting activities with the team. Refer to page 14 in the Team Handbook for detailed instructions on obtaining certification.

FIREARM SAFETY CERTIFICATION

All student athletes are required to complete and submit certificates for either one of two League-approved firearm safety certification programs – a state-approved hunter education certificate or the League’s SAFE Certification. Either option requires the firearm safety certification information to be documented in Athlete Management System (AMS) before the athlete can participate in any shooting activities with the team.

LEAGUE-APPROVED FIREARM SAFETY CERTIFICATES

League-approved firearm safety certificates include:

1. **State-approved hunter education certification.** Kansas requires that hunters complete a certified hunter education course. The hunter education certificate is proof that students have successfully completed a state’s official and approved hunting safety course. A student is allowed to use a different state’s hunter education certificate than their residing state. A team coach will verify the certificate’s authenticity. If the hunter education certificate cannot be obtained by the deadline, then the League’s SAFE Certification is recommended.
2. **Student Athlete Firearm Education (SAFE) Certification.** The League’s SAFE Certification provides an in-depth firearm safety and procedures training program designed specifically for League participants. The cost per student of the SAFE Certificate is \$25 and is payable at the beginning of the online course. Refunds are not allowed. The SAFE Certificate is valid only for League participation and cannot be used for obtaining a hunting license. The SAFE Certificate is designed specifically for student athletes participating in the League.

SAFE CERTIFICATE COMPLETION REQUIREMENTS

The SAFE Certification requires the completion of the online AND shooting range certification programs to earn the SAFE Certificate.

Step 1: Complete the SAFE Online Certification program. To access the SAFE Online Certification, go to www.usaclaytargetsafe.com and create an account. The SAFE course costs \$25. Upon completion of the online course, the student athlete will receive a confirmation email and PDF certificate.

Step 2: Complete the SAFE Range Day Certification. The SAFE Range Day Certification is conducted at the shooting range and coordinated by our team. Students will participate in a training session conducted by a CLASS Certified coach on the team. The 1–2-hour shooting range training will include firearm safety, shooting sport procedures, shooting at clay targets, and range safety requirements.

Step 3: Update SAFE Online and SAFE Range Day completion dates in ClayTargetGo! AMS users can update and save the SAFE completion date in the student athlete’s profile in AMS. Head Coaches and team staff can view and update a student athlete’s completion dates. All student athletes that complete the SAFE Certification receive an official iron-on certificate patch from the USA High School Clay Target League.

Student athletes cannot participate in any shooting activities with a team without a League-approved firearm safety certificate.

Location

The nine-week Spring League consists of 2 practices/orientation, one reserve shoot, and 5 weeks of competition shoots. Spring also includes a season-ending state championship tournament in June located in Sedgwick, KS.

The Wildcat Shooting Club will do all shooting at Polecat Creek Shotgun Park, located at:

23424 S Jefferson Pkwy,
Harrisonville, MO 64701
www.polecatcreekshotgunpark.com

We break down the athletes into groups of 5, which we call squads. Each squad will be assigned a time-slot and field number that they will shoot on, each Saturday. Once registration is closed and we have a final count of athletes, we will let parents/students know of when they will be shooting each week.

Spring 2024 Schedule

- February 5th – Parent / student meeting @ LHS commons, registration opens
- February 26th – Club / registration closes / raffle tickets & fees due
- February 28th – Raffle drawing @ TimberCreek
- March 30th – Practice / safe certification @polecat
- April 6th – Practice & safety/parent orientation @polecat
- April 13th – Reserve shoot @polecat
- April 20th – Competition week 1 @polecat
- April 27th – Competition week 2 @polecat
- May 4th – Competition week 3 @polecat
- May 11th – Competition week 4 @polecat
- May 18th – Competition week 5 @polecat
- May 25th – Fun week

Schedule available on website

2024 State Championship Tournament

- **June 15th – State Championship**

The State Tournament is the only event during the year that all League participants are invited to attend and compete at the same venue! Individuals will compete within their assigned shooting skill classification (novice, junior varsity, and varsity) based on their season-ending average. An additional \$45 registration fee will be required to the Kansas High School Clay Target League to participate.

More than 110 high school teams featuring more than 1,500 student athletes, along with over two thousand spectators, are expected to attend the 2024 KSSHCTL Trap Shooting State Tournament – at the Kansas Trapshooting Association in Sedgwick, KS!

*The National Championship is the only event where the best USA High School Clay Target League participants nationwide are invited to attend and compete at the same venue! Student athletes and teams from all over the nation will congregate in Mason Michigan, from July 10th – 14th, and thousands of spectators will be there to cheer them on. Must be eligible to attend.

Club Cost & Raffle Fundraiser

Fundraising events for our club help raise money to reduce the costs of participation for the athletes.

- Cost for club participation (spring) is \$500 and includes clay target fees, ammunition, mandatory ear protection, mandatory eye protection, shell bag, and team apparel.
- You will receive a total of 22 raffle tickets to sell (20 of the \$25 tickets and 2 of \$50 tickets).
- You are required to sell enough raffle tickets, to meet your \$500 participation fee for the club.
- Any additional tickets you sell past \$500, will not count towards next season. It will go to the club for future outings / purchases.
- We will be in the front room of TimberCreek on Monday, February 12th and Monday, February 19th to accept tickets and money early.
- All tickets and money will be due by **Monday, February 26th**. Drawing held at Timbercreek on Wednesday, February 28th at 7:00 pm.
- Anyone is invited to the big room in Timbercreek while we do our drawing live on Facebook. We will pick athletes to draw raffle tickets.

Drawing on Monday, February 28th at 7pm!

These 3 drawings will occur first, in the order listed on the flyer (and raffle tickets). These tickets are all \$25 a piece, and you will receive a book of 20 of these.

This flyer will be added to our Facebook page so that you can share as needed.

RAFFLE DRAWING

\$25 donation per ticket
Each ticket gives three chances to win!

DRAWING #1

SPORTS AFIELD INSTINCT 18-GUN FIREPROOF SAFE

Biometric Lock. Soft touch polymer barrel rests. Fully wrapped adjustable shelving. Dimensions 55" x 19.5" x 20.5"

DRAWING #2

SKB RS300 TARGET WOOD 30" 12GA SHOTGUN

Semi-automatic shotgun designed for target shooting.

DRAWING #3

SIG SAUER P320-M17 9MM PISTOL

Includes one 17 round mag and two 21 round steel mags. Barrel length 4.7", coyote tan.

Need not be present to win, must be 18 years or older. Winner of shotgun or pistol must pass state and federal background check prior to transfer. Winners announced on facebook page.

7 PM

28

FEBRUARY

TIMBERCREEK

LOUISBURG, KS

www.wildcatshootingclub.com

Drawing on Monday, February 28th at 7pm!

This will be the 4th and final drawing. These tickets are \$50 a piece, and you will receive 2 of these.

This flyer will be added to our Facebook page so that you can share as needed.

RAFFLE GRAND PRIZE!

4 Person 3-Day, 2-Night Wild Hog
Hunt Package @ Independence
Ranch in Waelder, TX

\$50 donation per ticket

\$4000
Value

Included with package:

- Unlimited Hogs and Unlimited Sizes.
- Any 2 predators or varmints per day.
- Day & Night hunting sessions.
- All meals and drinks included.
- Great lodging in the bunkhouse included.
