

Pricing is based on a check price. **Add 5% if paying by credit card.** **5% discount** when all payments are made in cash.
 This sheet does not contain all possible equipment needed or costs that may apply to your event but will be contained in the contract.

PROFESSIONAL SOUND EQUIPMENT

Minimum Sound Equipment Choices

- A. The **CLUB SYSTEM**: If your wedding is at a venue that has a speaker system in place, which I can easily connect into (as some bars & restaurants do), then the **Club System** should be adequate. It comes with my laptop, music & controller shown on the above black skirted table. It has a microphone for me as well as a 2nd wired mic for participant use. A table & chair must be provided & all connections to speaker cables & electricity must be within 3ft of where I am to set up. A maximum of ½-hour is allotted for set up prior to the start of performance without the potential for additional charges. **\$50.00 flat.**
- B. The **PARTY-100 SYSTEM**: If you are expecting about 100 or so guests & require me to bring a speaker system, then the **P-100 System** should be adequate. It includes the Club System along with the above table & chair as well as two, 2-way, full range, 12-inch powered speakers on stands (shown above to the outsides) adequate for up to 100 in attendance, in a single room or tent. A maximum of 1-hour is allotted for set-up prior to the start of performance without the potential for additional charges. The venue does not, under normal conditions, need to provide me with a table or chair. **\$150.00 flat.**
- C. The **EVENT-200 SYSTEM**: When you are expecting over 110 or so guests, then an upgrade to the **E-200 System** is required. The two, 2-way, full range, powered speakers are upgraded from 12's to 15's (shown adjacent to my table) & the wired microphone is replaced with a wireless mic. A maximum of 1.25-hours is allotted for set-up prior to the start of performance without the potential for additional charges. **\$200.00 flat.**

Equipment Extras

Extra speakers can be added when expecting between 225 & about 300 guests or want sound in multiple areas **beginning at \$75 each.**
 I also have an all LED light show for **\$99 flat.** A canopy with side walls for outdoor events may be required if I cannot be under your tent for **\$75 flat.**

Service Levels

Pricing is based on a check price when booked in advance & my performance is between noon & 10pm. Unlimited phone & email support included.
 . 4-hours minimum on Saturdays & holidays. A \$100 premium charged for events between December 24th & January 1st, \$300 on New Year's Eve.

- 1. **BUDGET EVENT SERVICES**: Please understand that this lowest priced service level is very restrictive in order to keep my pre-event planning & preparation, as well as my participation at the event, to a minimum. My function is only to play music with no announcements, running of games or contests. Clients will handle all announcements & MC duties. A simple genre & generational music list (similar that that at my website) with space for an additional 12 special requests is provided. Separate lists are OK however if you send more than 12 requests, I will only choose the best 12 but I can still take requests at the event. Up to 1 music download per performance hour of edited tracks is included if I don't have the music in my library. **Tracks with explicit lyrics must be purchased separately.** \$3/each additional download but clients can also provide these avoiding these charges. **The 1st 3-hours is \$250.00.** Subtract \$25/.5-hour for shorter performance times.
- 2. **STANDARD EVENT SERVICES**: There will likely be a moderate amount of pre-event planning & preparation required as well as a limited amount of MC duties with no more than 4 announcements required of me at the event. Clients understand that they will handle some of these duties if necessary. *Example:* the announcement of a birthday or anniversary dance (1) announcement of a cake cutting (2), then a special dedication (3) & any closing announcement (4) counts as 4. No running of games or contests included but substitutions are acceptable. My Standard music list (similar that that at my website) with space for an additional 12 special requests is provided **or** you can choose my simple genre & generational list. I'll accept a separate list however if you send more than 12 requests, I will only choose the best 12, but I can still take requests at the event. Up to 2 music downloads per performance hour of edited tracks is included if I don't have the music in my library. **Tracks with explicit lyrics must be purchased separately.** \$3/each additional download but clients can also provide these avoiding these charges. **The first 3-hours is \$400.00.** Subtract \$25/.5hr. for shorter performance times.

Additional Performance Time Rates [beyond the first 3-hours]

Charged per ¼-hour. 4-hours minimum on Saturdays & holidays

Performance time	When booked in advance	When extending at the event
Noon – 10pm	\$100/hour	\$120/hour
10pm – midnight	\$140/hour	\$180/hour
Midnight – 2am	\$200/hour	\$240/hour
2am - noon	call	call

Packaging

The combination of equipment & services enables me to provide a broad range of cost options that allows me to tailor various packages. No travel or motel stay fees for events within about a 1-hour drive of Woody Creek, CO 81656. Set up & break down from my vehicle directly into your venue is included. Free parking not within 200 yards of the venue *may* result in additional charges. 4-hours minimum on Saturdays & holidays.

Get a base price for your event by selecting a highlighted price from A, B, or C, add the highlighted service level price for the 1st 3-hours, then add any additional performance time you might need or subtract \$25 per ½-hour if your event is for less than 3 hours & not on a Saturday or on a holiday.
