

PRE-CONTRACTUAL QUESTIONS:

Answering all items will allow me to give you my lowest & most accurate bid. Information received will be included. Just hit reply, swipe over & edit if needed or type directly next to each question.

1} How much do you have budgeted for the deejay?

2} How shall we name this event (traditional weddings require the last names of the bride & then the groom)?

3} What is/are the location(s), including the venue name, of your wedding (& reception) [some locations can be quite remote & difficult to get to from a city or town]?

4} Please make 1 of the 3 minimum sound system choices:

a. DJ Dan will be able to connect into the venues' adequate for dancing sound system.

b. DJ Dan will require a 2-speaker sound system adequate for less than around 100 guests that comes with a wired microphone for participant use.

c. DJ Dan will require a 2-speaker sound system adequate for up to around 200 guests that comes with a wireless microphone for participant use (choose this & go to 5 if you are expecting over about 225 guests).

5} Are you expecting over 200 or so guests or require sound in different areas, perhaps for a ceremony (please elaborate)?

6} Do you desire a light show?

7} When do you expect me to begin my services at the event & when do you expect my services to end at the event?

8} When is the latest I should have my equipment set up by (will I need to finish my set up more than 15 minutes before my performance begins)?

9} Will I be indoors or under a tent with electricity (I must have protection from the elements)?

10} Will you prefer to pay the deposit & balance by credit card, check or cash (a cash deposit requires a local meeting)?

11} It will be assumed that you will require my Premium Wedding Services which has no restrictions with the exception of 4 music downloads/performance hour but additional charges are avoidable. There is no restriction on the time I spend in my office preparing nor on the number of announcements I might need to make such as your grand entrance, including the wedding party, or any of the traditional dances & most games.

Do you think your event will be a relatively simple one (please elaborate)?

12} Can you tell me please where your current home base is (mostly so I don't call you at weird hours)?

13} Does either marriage participant serve in the military, police or other 1st responders & wearing a uniform at the event (my bid will be a bit lower if you are)?

last} Is there anything else about your event I should know?
