

Help Us Raise \$20,000 for the students at Mountain View Elementary!

Students are encouraged to solicit Wellness Walk sponsors from family, friends and businesses. There are prizes for various levels of participation, in addition to grade level and classroom level prizes that the students will really enjoy.

The money generated from this fundraiser helps send our students on field trips, give them yearbooks, provide educational assemblies and speakers, plus more. And it's all done with one big fundraiser instead of multiple fundraisers throughout the year.
