

# ISRAEL vs. IRAN

Flash90 | Chaim Goldberg

July 2025

Shalom from Jerusalem,

For almost **50 years**, we've put out the ***Maoz Israel Report*** every month, except the month I was born in 1979. My dad likes to say with a smile, "It was our second child, so I gave Shira the month off." Ironically, I was born the same year Iran fell into the hands of the Ayatollah. **And here we are, 46 years later, in conflict with Iran, writing you to tell you that this month we will not be sending out a report.**

There's a lot to say about Iran, but an important thing you should know is that Iran helped fund the October 7th attacks. In response, on June 13th, Israel began its attacks on Iranian military targets that had threatened Israel for decades. **Israel has been preparing for this attack for decades with careful intel acquisition on nuclear scientists, military leaders and locations of nuclear facilities.**

The success of Israel's "**Operation Rising Lion**" (from Numbers 23:24) was a miraculous and historical success. **Iran's supreme leader was isolated and almost all of his previous military colleagues and advisors were eliminated.** As you know, America joined us in the war on Iran, delivered the final punch and brokered a ceasefire. This was because Iran posed a threat to both Israel and the U.S.

Iran's future remains uncertain, but **for the record, Israel has never attempted to assassinate a head of state. It will be up to the Iranian people to decide what to do with their government.** It was the IDF's job to protect the Israeli people from military regimes whose stated goal is to "wipe Israel off the map."

**I have so much more to tell you!** But the news moves too fast. The damage in Israel is vast. Hospitals, schools, homes and even mosques have been directly hit by Iran's weaponry.

By the time this reaches you in the mail, new developments will have already happened, which is why we encourage you to **join us online!** We share daily updates about the situation via emails, **YouTube, Facebook, Instagram, and more.** Links to all of these can be found at [MaozIsrael.org](https://MaozIsrael.org).

**But that's not all!** While dodging missiles powerful enough to take down entire city blocks, we still:

- Put out new worship music—from the City of Worship to you.
- Print and distribute Bibles and books for spiritual growth in Hebrew.
- And of course, help local Israelis with our war-relief efforts—in the name of Yeshua!

We want you to be informed. We want you to be a part.

See you online!
