

*It's my great pleasure to recommend Juliana Potter as a future SA member. As a Stunt Coordinator my career is dependent on the people I hire and Juliana is at the top of my list. I can say, with all honesty, that The Avatar Sequels would not be as good without her.*

*Along with her skill, enthusiasm and positive energy, comes a level of professionalism that is unsurpassed by any other stunt professional in the business. When a gag calls for "go big" I call for my secret weapon... Juliana. Her size is inversely proportional to the amount of heart she possesses and her concern for safety assures me nothing will go sideways when she is in the "hot spot."*

*Let me throw the formalities away on this one... I'm lucky to have found her. As a Filmmaker she is a hammer for me. As a human she is caring and brutally honest in the best ways. She can call the best of us on our bullshit and still make us feel like she's humble and supportive. There's no one better and I can honestly say she's "Old School Stunts" Pad or no pad SHE SELLS OUT! She had James Cameron in the palm of her hand and can act alongside Sigourney Weaver with equal ability.*

*I have always been a huge fan of SA and now you have someone I consider to be family knocking at your door. It warms my heart thinking that she is being considered by such an immensely talented group and I can tell you that she is a valuable member.*
