

Sanders After-Hours Funeral Home Answering Service

Sanders is the best 24/7 live answer service and call center for death care support. We provide a compassionate and caring funeral professional 24 hours a day, 7 days. Our role is to be the best extension of you possible while you are able to meet with other families, conduct funerals, or be with your own family after hours, weekends, and holidays. We offer simple, up front pricing, which means no surprise billing! Our pricing structure is based on death call volume. We understand we will not be providing the transportation services but it gives us a good base idea of the amount of phone call volume your facility can expect after-hours.
