The range of my friends
Resembles ocean waves.

One at beach and shallow
Tickling feet and toes,
Another in mid seas,
With a depth, out of reach.

One is a sheikh, a khan,
Other is mullah-like,
Some beyond PhD,
One, quantum physics!

To me they, are trees,
The barren grows tall,
I enjoy dances, songs!

The one with more fruits
Is humble, dips in roots!
