

Darcey and Internet

Abram is not true,
As is said in the books,
Reject faiths of his roots!

Let me be short, simple:
“I dislike talk of race!”

I have, shall, will resist,
Use of gun, murdering:
“God’s favor as a chief!”

In depths of contract,
Of Darcey with Iran,
I see the coup d’etat,
Like that of Pinochet...

Many pools of blood!

The same is Palestine,
Residence of Abram!

Both are seen as first ones,
And surely, not best ones!

First arrives with claims,
Future reaps, harvests:
“The devils, not angels!”

Darcey’s oil contract,
Set future tracks,
For Iran, Britain,
And fueled many wars!

Look at tanks, submarines,
Airplanes, when bombing,
They move with gasoline!

Same is with Internet,
Opens door to the hell!

The worst is, yet to come!
