My vision for the 2025-2026 school year...

From the laughter and energy of our youngest learners to the quickened and determined steps of our graduating seniors, Brookesmith will be a place where hearts and minds grow together. We will push forward to be a community bound by love, lifted by joy, and steadied by peace. We support one another with patience, show kindness in our daily interactions, aim for excellence, and remain committed to our school community.

At Brookesmith every class should be a step toward targeted growth, every challenge an opportunity to excel, and every single child (young and old) a cherished individual.

We come together to shine a light in this dark world, and we show our students how they too can make a difference in our community and ultimately in our world.

We live in a negative, depressing world so make this quote a goal every morning...

"Fix your thoughts on what is true, and honorable, and right, and pure, and lovely, and admirable. Think about things that are excellent and worthy of praise."

Events

Aug 22nd

Football at Rising Star
(scrimmage)

Aug 26th

Volleyball at Paint Rock

Aug 27th

Cross Country at Brownwood

Aug 29

Football at Mullin
Volleyball at Zephyr
(tournament)

SCHOOL SHOUT OUT

To **Blake Hood** head football and secondary math teacher

Coach Hood is a Blanket graduate. He comes to Brookesmith from Rochelle. Coach Hood attended ASU and Howard Payne. He contributes his love for math to his high school math teacher Scott Edmondson.

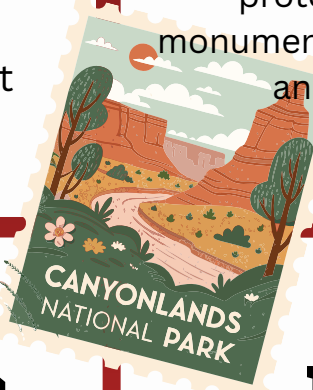

WHAT TO READ

Mrs. McClure Elementary
Must Read
"Little House in the Big Woods" by Laura Ingalls Wilder

Mrs. Jordan
Secondary Must Read
"Alanna: the First Adventure" by Tamora Pierce

THIS WEEK IN HISTORY

On August 25, 1916, President Woodrow Wilson signed the act creating the National Park Service, a new federal bureau in the Department of the Interior responsible for protecting the 35 national parks and monuments then managed by the department and those yet to be established.

MATH IN EVERYDAY LIFE

Cooking is full of Math. Show kids what cups, teaspoons and tablespoons look like. Let them help you measure ingredients.
