

COVID-19 Precautions

1. All staff/students are screened upon entering the building. This includes answering three health check questions and receiving a temperature scan.
2. Hallways, classrooms and bathrooms are sanitized after each group of children using an electrostatic sprayer and the chemical Halt.
3. Students and teachers sanitize hands before entering the classrooms.
4. All adults (including teachers) and non-enrolled children will wear masks. Masks are optional for enrolled children.
5. Our school is following the Modified Operating Procedures set forth by the Department of Human Services.
6. Classrooms/bathrooms are equipped with touchless soap and/or sanitizer dispensers where possible.
7. Drinks are served in cups rather than the water fountain.
8. Field trips and guests in the classroom are suspended. Presentations are now done virtually.
9. Parents and teachers are connected through the Remind App. Any COVID-19 related announcements (such as a close contact notice) will be sent out through Remind.
