

remind

Please sign-up to receive important announcements from Shaun & Sara Brentrup at Children's Garden Preschool, Inc.

Remind is a free communication tool that we will use in addition to our monthly calendar and newsletter to keep you updated on classroom events and activities. You will be able to use Remind to text your child's teacher privately and also receive updates on classroom happenings. Please note, we will send out messages to the whole school and/or whole class. If you respond to one of these messages, you will NOT be responding to everyone. Responses will only go to Shaun and/or Sara. We hope you will all choose to use the app/texting service provided by Remind! Thank you!

TO USE:

* Text your unique class code to 81010

* You can also download the Remind app on iPhone and Android phones if you prefer and enter the class code through the app.

* Class Codes:

Class:	Code:
Class A TTh AM with Shaun _____	CGPclassA
