## *EXPRESS YOURSELF*

You know we're not prepared for adversity we know that life is **HARD TO HANDLE** and often we ask ourselves **WHAT'S GOING ON** because these are **HARD TIMES** and the world is a **BALL OF CONFUSION** sometimes we have **NOWHERE TO RUN** and we can often think to ourselves am I going **INSANE IN THE BRAIN** will somebody come and **RESCUE ME**. We need to **GET UP OFFA THAT THING** because we **BELIEVE IN MIRACLES** and what we want you to do is leave your hang ups at the door and your prejudices outside and come on in and **EXPRESS YOURSELF** there's **NO TIME FOR DREAMING** because **THE REVOLUTION WILL NOT BE TELEVISED**. In this time of **POLICE & THIEVES** we need to show each other some **RESPECT** so let's get on down and give the drummer some **FUNKY STUFF** and **SHAKE A TAIL FEATHER** then we can start to **PICK UP THE PIECES** because we are part of the **LOUD MINORITY** and as such we are concerned with change. What we need is **A LITTLE LESS CONVERSATION** and a little more action, then we can all feel the **PRESSURE DROP** because all we want for everybody is to be **DANCING IN THE STREETS** again.
