NOTES to PEPU Developers:

- Having launched two tokens on the PP, I've run into the need to edit the token's image, website, & social media link but don't see how to do this. If I own the token, I need to be able to edit it's properties. Please provide this capability and add to your documentation.

EDITOR's DESK – Day 14...

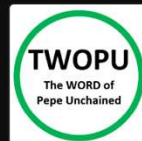

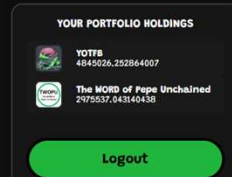

PEPU Army - it has been a busy two weeks since I launched YOTFB, a simple little newsletter – "The Giga Brain". Here is what we have accomplished since the launch of the Pepe Unchained Pump Pad; launched our first PP token: YOTFB, launched a website (yotfb.io) to host all things related this project, newsletters, resource links, news articles; launched a petition online for Binance and Coinbase Tier 1 listing of PEPU; launched a 2nd PP token today called TWOPU (The WORD of Pepe Unchained); launched a 2nd web site (twopu.io) and working on plans for how PEPU can take over the world... ☺ I need more coffee!

The 2nd project being launched is going to be a 5-Letter word game that will be built on top of the PEPU Ecosystem. It's only an idea now, but I've got the token and web site domain locked. The premise is simple, create a 5-letter word game people can play online (I can't legally say "Wordle" due to copyright laws). Players acquire a few TWOPU tokens (or PEPU) in their wallet to evidence they are a PEPU investor/holder and they get to play unlimited. This provides utility, incentivizes PEPU investment and in turn will burn PEPU thru the pump pad. Along the way we'll document how we do everything and teach others how to develop apps on the PEPU blockchain in turn creating more projects on the platform. That's part of the vision anyway, educating people. My reward comes when 1 PEPU = \$1. Keep buying, staking and holding. There is a lot of things I don't understand yet, but am learning day by day. - cryptojoe3336
