Cooperation Agreement Between and Among [Aggregate Group Name]

This Cooperation Agreement (“**Agreement**”) is entered into as of [Month] [Day], [Year] (the “**Effective Date**”) by and between [Aggregate Group Name]. The parties hereto are referred to herein individually as a “**Member**” and together as the “**Members.**”

WHEREAS

- A. The Green Choice Program (“**GCP**”) enacted under the Electricity Act, SNS. 2004, c. 25 and the [Green Choice Program Regulation] (“the **Regulations**”) will enable eligible businesses and institutions within the Province of Nova Scotia to have renewable electricity procured on their behalf to meet energy and climate change goals.
- B. Pursuant to the GCP, public institutions that, collectively, consume a minimum of 10,000 megawatt hours (MWh) on an annual basis are eligible for participation in the GCP so long as each public institution in such group individually consumes a minimum of 2,000 MWh on an annual basis.
- C. The Members are entering into this Agreement to set out the terms and conditions on which the Members intend to combine their respective electricity loads for the purpose of collectively submitting an application in response to a Call for Expressions of Interest to participate in the GCP.

NOW, THEREFORE the Members hereto agree as follows:

1. Objectives and key principles
 - 1.1 The Members hereby agree to aggregate their respective electricity loads at their respective electricity meters for an aggregate annual consumption at a minimum of 10,000 MWh for the purpose of collectively participating as in the GCP as “partners” as such term is defined in Regulations (the “**Cooperation**”).
 - 1.2 Each of the Members represents that it is a public institution as defined in the Regulations and individually consumes a minimum of 2,000 MWh on an annual basis and otherwise satisfies the eligibility requirements of the GCP. The annual electricity consumption of each Member is set out in Exhibit A hereto.
 - 1.3 The Members agree to submit a collective Expression of Interest application to enroll in the GCP and, if the Members are thereafter selected for participation in the GCP, each Member will enter into a separate participant agreement with Nova Scotia Power Inc. (“**NSPI**”) in respect of their participation in the GCP (a “**Participant Agreement**”).
 - 1.4 The Members hereby agree to elect the same contract term lengths in their respective Participant Agreements.

 - 1.5.1 to submit the EOI and non-refundable application fee in the amount required by the Regulations on behalf of the Members (the “**Application Fee**”) in a timely manner and in any event within the deadlines prescribed by the Regulations; and
 - 1.5.2 until such time as the Members have entered into a Participant Agreement or have been informed that they have not been selected for participation in the GCP, act as the representative of the Members, to the extent required for the purpose of the Cooperation in accordance with the Regulations.
- 1.6 The allocation among the Members for the Application Fee is set out in Exhibit A hereto.
- 1.7 The Members hereby acknowledge and agree that Designated Representative will have access to each Member’s electricity consumption data for the purposes of the Cooperation, including for the purposes of completing the EOI. For the avoidance of doubt, such consumption data shall be subject to the requirements provided by Section 5 (Confidentiality).
- 1.8 The Members hereby acknowledge that each Member will be required to submit a credit rating or provide a letter of good standing from Nova Scotia Power Incorporated (“**NSPI**”) to apply to the GCP and each Member agrees to provide same to the Procurement Administrator directly.
- 1.9 The Members hereby agree to engage in regular communication to facilitate the Cooperation and, from time to time after the Effective Date, acting in a commercially reasonable manner, and upon the reasonable request of a Member, to execute, acknowledge or deliver any further instruments, information, or documents, and take such further actions as such other Member or Members may reasonably require to carry out the intent of this Agreement and to facilitate the Cooperation and the activities provided by Section 1.5 and 1.5.2.
- 2 Exclusivity
 - 2.1 During the term of this Agreement, the Members shall not enter into an arrangement with a third party or parties where such arrangement is substantially similar to the Cooperation.
- 3 Liability
 - 3.1 Each Member (and its affiliates, and their respective employees and representatives) may provide information, recommendations and advice to the other as part of the Cooperation. The Members acknowledge and agree that, other than the representation of each Member set out in Section 1.2 and the information given pursuant to 1.6: (i) any information, recommendations and advice is given without any representations, warranties or liability; and (ii) a Member shall not have any claim, liability or cause of action against the other Members in respect of any such information, recommendation or advice given during the Cooperation. A Member shall not be liable to the other Members in respect of any liabilities in connection with the Cooperation, other than those obligations described in this Agreement, and in no event, will a Member be responsible to the other Members for any special, indirect or consequential losses (including lost

4.2 This Agreement may be terminated by agreement of the Members at any time.

4.3 A Member (the “**Terminating Member**”) may terminate this Agreement at any time in the case of an Event of Default by another Member (the “**Defaulting Member**”). For purposes of this Agreement, “Event of Default” means:

- a. The Defaulting Member materially breaches this Agreement (or any other contract between the Members entered into pursuant to this Agreement) and such breach remains uncured for [insert number] days after being notified of the breach by the Terminating Member;
- b. The Defaulting Member voluntarily commences bankruptcy, insolvency, reorganization, stay, moratorium or similar debtor-relief proceedings, or shall have become insolvent or generally does not pay its debts as they become due, or admits in writing its inability to pay its debts, or makes an assignment for the benefit of creditor;
- c. Insolvency, receivership, reorganization, bankruptcy, or similar proceedings shall have been commenced against Defaulting Member and such proceedings remain undismissed or unstayed for a period of sixty (60) days; or
- d. Any assignment by the Defaulting Member not in accordance with this Agreement.

4.4 In the event of termination:

- a. The Members may (or if the aggregate electricity load of the non-defaulting Members is below 10,000 MWh or if, as a consequence of the Event of Default, the non-defaulting Members otherwise cease to be eligible for participation in the GCP, the Members shall) consult and use reasonable efforts to effect an orderly winding up of the activities of the Cooperation; however, if the eligibility in the GCP is not affected (and, without limiting the generality of the foregoing, the aggregate electricity loads of the Members that are not the Defaulting Member continue to be at a minimum of 10,000 MWh), the Members that are not the Defaulting Member may at their option continue the Cooperation without the participation of the Defaulting Member.
- b. The Defaulting Member will forfeit its contribution towards the Application Fee and shall not be entitled to any refund or repayment on account thereof.
- c. This Section and Sections 3 (Liability), 5 (Confidentiality), 10 (Dispute Resolution Procedure) and 11 (Applicable Law) shall survive such termination.
