Cali Tucker

The year 2024 was monumental for Cali Tucker. Described by People magazine as a "blend of sweet and sassy...addictive" during the exclusive premiere of her video for "Country Couture" in July, Cali has seen her artist profile skyrocket. Her songs have amassed over one million streams on Spotify and over 250,000 views on YouTube.

Born Country Music Royalty, Cali carries on the Tucker Dynasty. Her mother is '70s hitmaker LaCosta Tucker and her aunt is the legendary Tanya Tucker. Cali has appeared on national television shows and performed live with her family across the US and Canada. At fifteen, she won the prestigious title of Miss Teen All American, representing the title nationwide. She graced the stage of the Grand Ole Opry at eighteen and entertained audiences at Dollywood.

Cali's career surged when she auditioned for NBC's "The Voice," becoming a finalist on Blake Shelton's team. Since then, she has established herself as a headlining act in Las Vegas, performing at top venues including Aria, The Wynn, MGM Grand, and Resorts World, among many others. Her live performances captivate audiences with her powerful voice, stunning looks, humor, and impeccable showmanship.

Her breakout song, "Country Couture," epitomizes her brand. The single and its infectious music video, which has garnered significant attention, showcase high fashion and a luxury lifestyle while highlighting Cali's down-to-earth personality. The song has been streamed over 600,000 times, continuing to gain traction across music platforms.

Following "Country Couture," Cali released "Urban Cowboy," a modern-day fairy tale. This enchanting song and its music video, reminiscent of the Wizard of Oz, feature Cali as our Dorothy, with Santa Claus, a Leprechaun, and the Easter Bunny accompanying her on her quest for the elusive "Urban Cowboy." The video features a heartwarming appearance by Cali's mother, LaCosta Tucker, as a Fairy Godmother and her niece, Adelin Tucker, as a young Cali.

Both of Cali's 2024 releases were co-written by Cali with multi-platinum, Grammy-nominated producer G'harah "PK" Degeddingseze and multi-platinum writer and vocal producer, Tricia Battani. This powerhouse team also crafted her debut single from 2021, "Dandelion," which has seen a viral resurgence following the success of "Country Couture" and "Urban Cowboy."

Looking ahead to 2025, Cali has big plans, including the re-release of "Country Couture" to radio and video outlets, and a new single and video, "Last Name," her fourth collaboration with Battani and Degeddingseze, which promises to deliver something unexpected yet true to her style. There's a new Tucker in town and you're gonna be hearing a lot more from HER!
