

Mean Girls Costume Plot

Costume Collaboration & Creative Direction

Students are encouraged to be creative and collaborate in developing their costumes. We welcome ideas, personal style, and input as we work together to bring each character to life.

To ensure a cohesive production and maintain the artistic vision of the show, the directing team has final approval over all costumes, hairstyles, makeup, and accessories. All creative decisions will be made with the overall production in mind while ensuring that costumes remain appropriate, comfortable, and suitable for a high school performance.

Our goal is for every student to feel confident, supported, and proud of their character while creating a production that reflects the highest standards of BOLD Theatre.
