# THE ORIGINAL ADVENTURE

## OPEN RAIN AND SHINE

**We hate to brag.**

**But ... We are a Lake George, NY Best of Winner**

Explore the beauty of the Great Adirondack Forest as you traverse through our **treetop obstacle adventure course** and **zipline park** and reach heights most will only dream of.

Established in 2007, Adirondack Extreme was the first aerial adventure course to open in the United States. Others have tried to imitate, but none can duplicate the experience of trekking tree-to-tree on our aerial obstacles within the trees of the beautiful Adirondack Forest.

**New and exciting** for our **2021 season** Adirondack Extreme Adventure Course announces its exclusive **Low Rider Zipline tour**.

**Don't be disappointed. Reserve your preferred climb time. Reserve Online or for questions call us at 518.494.7200.**

If you're new to our park we suggest that you review each of our adventure course and zipline options to see which ones meet your adventure level. All of our courses have a minimum age requirement and all but our kids' courses will have a reach requirement. For our customers who prefer to speak with one of our Tree-Top specialists, we're just a phone call away.

Whichever level of adventure you decide, reservations are strongly recommended to allow us to make your adventure "extremely" fun. Same-day reservations may be available but are not guaranteed. Check availability and book your preferred climb time to avoid disappointment.
