## *User Guide*

### HI VIS VEST

**1**

#### **CHARGE YOUR VEST**

First of all charge your Hi Vis Vest using the supplied USB cable. Then put on the Hi vis vest using the fully adjustable straps and buckle for a snug fit.

**2**

#### **PRESS POWER ON**

Press the power button to turn on the LED lights for slow flash mode. There are light to the front and rear of the vest.

**3**

#### **QUICK FLASH MODE**

Press the power button again to switch the LED lights to a faster flash mode.

**4**

#### **JUST ON RED**

Press the power button again to switch the LED lights to bright red on mode.

**5**

#### **TURN OFF THE VEST**

Press the power button again to switch the LED lights off and leave the reflective straps to do their job!

**6**

#### **STORAGE**

Keep your vest in a cool dry place when not in use, wipe clean and hang dry if your vest gets dirty.
