Attention: Ms. Heather Bjornson

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that Repel Products:

- A. limits the total amount of Deer Guard that it distributes or sells in the United States in any given calendar year to 300 pounds of the active ingredient, denatonium benzoate;
- B. agrees to voluntary cancellation of all uses of Deer Guard, effective December 1, 2009; and

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7505C)

Date:

FEB 14 2008

C. submits one (1) copy of final printed labeling before releasing the product for shipment:

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed. If you have any questions, please contact Dan Peacock by phone (703-305-5407), fax (703-308-0029), or E-Mail (peacock.dan@epa.gov).

- Enclosures:
1. Stamped Label
 2. Minimum Type Sizes for Final Printed Label

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through the skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

FIRST AID	
If on skin or clothing	<ul style="list-style-type: none"> - Take off contaminated clothing - Rinse skin immediately with plenty of water for 15-20 min. - Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, going for treatment.	

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not clean equipment or dispose of equipment wash water in a manner that will contaminate water resource or arable land.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used to discourage deer (*Odocoileus spp*) from feeding on trees, evergreens and shrubs. Apply this product at ambient temperatures above freezing, ideally when temperatures are between 40°F and 90° F. Do not use on food or feed crops. **Do not apply aerially.** Do not apply product through any type of irrigation system or hose proportioner applicator. Do not apply directly to or where product might drift onto stone, concrete or siding as staining might occur. Apply only for sites, pests, and application methods described on this label. Product has been tested on many species of ornamental plants and is believed to be generally non-phytotoxic. It is advisable to test the product on types of plants that might be especially sensitive by treating and observing small portions of the plant before treating the entire plant.

APPLICATION DIRECTIONS: This product is ready-to- use and should not be diluted. Shake container well before using product. Apply product directly using the squeeze trigger applicator or transfer product to any pump type sprayer equipped with a cone or flat fan nozzle. Adjust nozzle to obtain even coverage. Apply only to dry surfaces. Hold spray tip 1 to 2 feet from the surface to be treated and spray flowers and leaves [needles, bare branches and trunks] subject to browsing by deer. Thoroughly wet treated surfaces but do not apply to the point of significant spray run-off. In Spring, apply to buds, sprouts, stems,

and unprotected foliage, as new growth appears. In Fall, apply to needles, bare branches and trunks after first frost.

CLEAN APPLICATION EQUIPMENT IMMEDIATELY BEFORE SPRAY DRIES
